This book, comprising the Instructional Course Lectures delivered at the 19th ESSKA Congress in Milan in 2021, provides an excellent update on current scientific and clinical knowledge in the field of orthopaedics and sports traumatology. It addresses a variety of interesting and controversial topics relating to the shoulder, elbow, hip, knee and foot, all of which are highly relevant to orthopaedic surgeons ' daily practice. Featuring contributions written by leading experts from around the globe, it enables readers to gain a better understanding of pathologies, which in turn can lead to more individualized treatments for patients. The book is of interest to clinicians and researchers alike.

This inventory contains 259 listings of all sizes of activities in all the provinces and territories except Prince Edward Island, based on a survey conducted in January 1992. The inventory provides a brief listing of activities or projects related to any aspect of resource sharing, arranged first by geographic location and then by type of activity, including borrowing, collections, document delivery, groups/committees, interlibrary loan, resource sharing networks, and union lists/catalogues. Each activity listing includes organization and contact name and address, telephone and FAX number, name of project/activity, objective, description, status, start and completion date, reports/articles, and funding.
