In this must-read book, Laura Robb uses what she's learned from her vast teaching experience to provide the research-based tools needed to improve students' reading comprehension. This practical resource offers classroom-tested interventions to use with struggling readers provided in 5-, 10 to 15-, and 30 to 40-minute settings. It provides support for everything from assessment to management and implementation, to support students' comprehension of both literary and informational text. This book also demonstrates how teachers can learn about students' reading needs through their writing about reading and offers practical suggestions for differentiating reading instruction to reach the needs of all readers. The Reading Intervention Toolkit offers student work examples, prompts and sample think-alouds, fiction and nonfiction text passages, data collection/observation forms, and scaffolds to use with each intervention.

EdPsych Modules uses an innovative modular approach and case studies based on real-life classroom situations to address the challenge of effectively connecting theory and research to practice. Succinct, stand-alone modules are organized into themed units and offer instructors the flexibility to tailor the book's contents to the needs of their course. The units begin with a set of case studies written for early childhood, elementary, middle, and secondary classrooms, providing students with

direct insight into the dynamics influencing the future students they plan to teach. All 25 modules highlight diversity, emphasizing how psychological factors adapt and change based on external influences such as sex, gender, race, language, disability status, and socioeconomic background. The Fourth Edition includes over three hundred new references across all 25 modules, and expanded coverage of diversity in new diversity-related research.
