Owner's Manuals | Lexus UK

I own an is300 too and the swap from auto to manual isn't all that bad, assuming you're mechanically inclined. If not, then I agree, with the above redditor, it's a waste of money at that point as you can buy a manual IS300 for what you'd spend on the swap if a shop does it.

Lexus Repair Manuals free download | Automotive handbook ...

A manual transmission 2011 E90 328i Msport sedan that I just sold a week ago weighed about 3362 pounds and had 230 hp, while the IS300's 215 hp only has to lug around 3255 pounds. That's a power to weight ratio of 0.0684 for the BMW and 0.0661 for the Lexus. And that's still comparing a 2002 to a 2011.

LEXUS IS300 2005 MANUAL Pdf Download | ManualsLib

The Lexus IS looks utterly distinctive, and that alone could be enough to tempt drivers away from the usual suspects in the compact executive class. Overall, though, we still think rivals like the Audi A4 and BMW 3 Series and Mercedes-Benz C-Class are better all-rounders and the lack of a plug-in hybrid option will limit its appeal to company car drivers.

Perhaps feeling somewhat guilty that a manual gearbox isn't available in such a willing car, Lexus attempt to soften us up with full leather trim, electrically adjustable, and heated seats, 17" alloys, electronic folding door mirrors and a host of other fitments. You can tell the latest IS300 from its predecessor by its tinted rear light clusters.

Based on tests conducted by Consumers Union, this guide rates new cars based on performance, handling, comfort, convenience, reliability, and fuel economy, and includes advice on options and safety statistics.

A behind-the-scenes look at Lexus's surprising twenty-year success story—in a revised new edition In the 1980s, German brands BMW and Mercedes-Benz dominated the luxury car market and had little reason to fear competition from Japan. But in 1989, Toyota entered the market with the Lexus LS 400, a car that could compete with the Germans in every category but price—it was US\$30,000 cheaper. Within two years, Lexus had overtaken Mercedes-Benz in the United States and made a stunning success of Toyota's brave foray into the global luxury market. Lexus: The Relentless Pursuit reveals why Toyota decided to take on the German automakers and how the new brand won praise and success for its unparalleled quality, unforgettable advertising, and unprecedented customer service. From the first boardroom planning session to Lexus's entry into the mega-luxury supercar market, this is the complete and compelling story of one of the world's most admired brands. Includes a new Foreword by legendary designer Erwin Lui, an Afterword with updates since the first edition, and a new Coda by leading Japanese automotive journalist Hisao Inoue Covers the racetrack triumph—and tragedy—behind the new US\$375,000 Lexus LFA supercar Offers important business lessons for brand managers and executives For car enthusiasts, business leaders, and anyone interested in branding and marketing, Lexus: The Relentless Pursuit offers an amazing story of excellence and innovation in the automotive industry.
