world, it ' s a struggle to find time to even think about what your dreams and goals might be, let alone work towards actually realising them. It ' s so easy to get stuck in a routine, to opt for the easy answers, to feel a lack of inspiration and motivation and then wind up feeling anxious and depressed. Far from being an exciting or invigorating prospect, the mere idea of changing anything about your life soon seems hard work, scary and something to be avoided. But your life really can be better than it is now - you just need to learn how to really believe it can. Cognitive Behavioural Therapy, or CBT, can lend a hand. It will help you change the way you think and feel about yourself, about others and about the world around. As you begin to feel more positive, more motivated and more confident you ' ll soon begin to realise that your future is fully in your control. The scientifically-proven techniques of CBT are

it and, if necessary, deal with obstacles that they experience in pursuing it. The book presents the basic assumptions of the Very Brief Cognitive Behavioural Coaching (VBCBC) approach, how it can be understood from the perspective of working alliance theory and recommendations concerning when it can be used and when not. Dryden begins by defining coaching and explaining the aims of VBCBC, before examining the input factors which can increase its effectiveness and concluding with a seven-stage process view. The book also includes a transcript of a real VBCBC session, with commentary. Written clearly and accessibly, this will be essential reading for coaches of all backgrounds interested in brief approaches, including those in training, coaching psychologists and coach supervisors.

the 30 Distinctive Features of Rational Emotive Behavioural Coaching, also known as REBC, an approach which applies the principles of REBT to coaching. Divided between 10 theoretical and 20 practical features, the book covers a range of topics, including meaning and values, development, the working alliance, dealing with obstacles and common coachee problems. The book sets out two different approaches: development-focused REBC, which concentrates on the coachee 's areas of development, and problem-focused REBC, which concentrates on the coachee 's practical and emotional problems of living. Within the latter category, the book also distinguishes between practical problem-focused REBC and emotional problem-focused REBC.
