'I Am Going To Write You Short Accounts Of The Story Of Our Earth And The Many Countries, Great And Small, Into Which It Is Divided&I Hope [These] Will Make You Think Of The World As A Whole And Of Other People In It As Our Brothers And Sisters . . .' -Jawaharlal Nehru When Indira Gandhi Was A Little Girl Of Ten, She Spent The Summer In Mussoorie, While Her Father, Jawaharlal Nehru, Was Busy Working In Allahabad. Over The Summer, Nehru Wrote Her A Series Of Letters In Which He Told Her The Story Of How And When The Earth Was Made, How Human And Animal Life Began, And How Civilizations And Societies Evolved All Over The World. Written In 1928, These Letters Remain Fresh And Vibrant, And Capture Nehru'S Love For People And For Nature, Whose Story Was For Him `More Interesting Than Any Other Story Or Novel That You May Have Read'.

Usually books on partition are sob stories, but not this one. 'Rising from the Ashes of Bengal's Partition' is an untold story of the journey of a child born around the time of partition, who battled many hurdles and aspired to lead a new life - like a Phoenix. This is a story of his - and his generation's - unflinching determination to move ahead. This is the story of the real people who did not curse their fate and sit idle shedding tears. It covers a child's - and his generations - torturous journey from refugee camps and colonies to the world above the sky. The story covers a span of seven decades of time and space - people and events, politics and economics, corporates and their leaders and above all the kaleidoscopic panorama across the journey through Bengal and India. The book opens up several untraveled terrains - personal experiences, a person's struggle, sufferings, tears, joys and smiles. It documents people's perception about critical contemporary events, which conventional history does not cover. The author writes from the ringside, for example on how it was

to work for the most reputed corporate of the country and, what happened in the business and economy when the 'Tiger' was 'Uncaged.' Sure, readers would like to run through the author's experiences. The author has poured his heart and soul out into writing this story.

Anand Kumar, a mathematics prodigy, defied all challenges to set up one of the most successful and innovative teaching initiatives in the world—Super 30. Born in Chandipur Bela, Patna, Anand secured a place in Cambridge University but couldn't attend because he had no money and sold papads in the evenings instead. He dealt with his own disappointment by setting up an innovative school in 2002 to prepare underprivileged students for the IIT JEE examination. Super 30 has an astonishing success rate and on an average, twenty-seven to twenty-eight of the thirty students crack the exam every year. Stirring and heart-wrenching, this is the extraordinary story of a visionary who has elevated these bright sparks and, through education, given them hope to rise above crippling poverty.

Winner of the 2014 Khyenste Foundation Translation Prize. Nagarjuna's renowned twenty-seven-chapter Fundamental Verses on the Middle Way (Mulamadhyamakakarika) is the foundational text of the Madhyamaka school of Mahayana Buddhist philosophy. It is the definitive, touchstone presentation of the doctrine of emptiness. Professors Siderits and Katsura prepared this translation using the four surviving Indian commentaries in an attempt to reconstruct an interpretation of its enigmatic verses that adheres as closely as possible to that of its earliest proponents. Each verse is accompanied by concise, lively exposition by the authors conveying the explanations of the Indian commentators. The result is a translation that balances the demands for fidelity and accessibility.

Born against a background of privation and civil war, divided along lines of caste, class, language and religion, independent India emerged, somehow, as a united and democratic country. Ramachandra Guha's hugely acclaimed book tells the full story - the pain and the struggle, the humiliations and the glories - of the world's largest and least likely democracy. While India is sometimes the most exasperating country in the world, it is also the most interesting. Ramachandra Guha writes compellingly of the myriad protests and conflicts that have peppered the history of free India. Moving between history and biography, the story of modern India is peopled with extraordinary characters. Guha gives fresh insights into the lives and public careers of those long-serving Prime Ministers, Jawaharlal Nehru and Indira Gandhi. But the book also writes with feeling and sensitivity about lesser-known (though not necessarily less important) Indians - peasants, tribals, women, workers and musicians. Massively researched and elegantly written, India After Gandhi is a remarkable account of India's rebirth, and a work already hailed as a masterpiece
