These books contain clear and comprehensive solutions to the Junior Certificate Higher Exam Paper Questions for the last four years (2018, 2017, 2016 and 2015). The 2014, 2013 and 2012 solutions are also available to download and view on any device and can be added to your cart at checkout later if you wish. The unique handwritten solutions are easy to understand for the weaker student but will also provide the high flyer with the skills to hit the "H1" grade. There is one hundred and fifty eight pages of the best notes in each book making it a competitive production at this price point. Each book contains the most detailed solutions of any Maths book on the market in Ireland and sets out every single line of the solution (step by step) with notes explaining the Maths behind them. The solutions encompass all topics on the course including Algebra, Geometry, Probability, Statistics, Trigonometry, Area and Volume, Enlargements, etc.. They also give an insight into the marking scheme of each paper. Students who regularly use these books negate the need to spend hundreds of Euro's on tuition, as many parents have commented to me over the years. Students can easily follow the stepped solutions on their own and subsequently learn how to apply it to a similar styled exam question later. The most efficient way for a student to use the book is to try each question part for themselves first and then subsequently refer to my solution to see where they have gone right or wrong; hence the student is always 'learning by doing'. If you need more Information on the content and usefulness of these books, feel free to e-mail me at: acesolutionbooks@gmail.com Note: There are three other books available in this series: ACE Leaving Certificate Higher Level Maths Solutions ACE Leaving Certificate Ordinary Level Maths Solutions How to ACE the Leaving Certificate (All Subjects)

Follows a similar format to the exam: two papers with six topics on each Explains each topic thoroughly and revises the entire course Clear and easy-to-follow diagrams and graphs given Exam-style questions after each topic, with explanations and solutions which show you the correct layout for your answers Original exam papers are included, with detailed solutions.
