A former tour manager who was friend, confidante, and lover to some of the most revered musical icons of the sixties, seventies, and eighties tells all in the ultimate fly-on-the-wall rock 'n' roll memoir, in a book that includes forty photos, many from the author's private collection.

CHRIS O'DELL WASN'T FAMOUS. SHE WASN'T EVEN ALMOST FAMOUS. BUT SHE WAS THERE. \* She was in the studio when the Beatles recorded The White Album, Abbey Road, and Let It Be, and she sang in the "Hey Jude" chorus. \* She lived with George Harrison and Pattie Boyd and unwittingly got involved in Pattie's famous love story with Eric Clapton. \* She's the subject of Leon Russell's "Pisces Apple Lady." \* She worked for the Rolling Stones on their infamous 1972 tour and did a drug run for Keith Richards. \* She's "the woman down the hall" in Joni Mitchell's song "Coyote," the "mystery woman" pictured on the Stones album Exile on Main Street, and the "Miss O'Dell" of George Harrison's song. The remarkable, intimate story of an ordinary woman who lived the dream of millions-to be part of rock royalty's inner circle-Miss O'Dell is a backstage pass to some of the most momentous events in rock history.

NOW A MAJOR MOTION PICTURE Funny and heartbreaking, this New York Times bestselling debut perfectly captures the maddening confusion of adolescence and the prickly nature of family with irony and unerring honesty. Harley Altmyer should be in college having the time of his life. He should be free from the backwards Pennsylvania coal town he calls home, with its lack of jobs and no sense of humor. Instead, he's constantly reminded of just how messed up everything is... Harley's mother is in prison for killing his father, so he's in charge of bringing up his younger sisters and working two jobs to pay the bills-and that doesn't leave a lot of time for distractions. But lately, he's getting more and more sidetracked by lusting after Callie Mercer, his middle-aged neighbor. As he struggles to keep it together, things begin to spin out of control. Soon Harley finds that as shattered as his family is, there are still more crushing surprises in store. "In Harley, O'Dell has created a hero who's heartbreakingly believable; like Holden Caulfield, he uses caustic humor to hide his pain. Readers will care very much about him and his future, if indeed he has one."-St. Petersburg Times

A personal account by an intimate of such figures as Bob Dylan and Eric Clapton describes the abuse- and neglect-marked childhood that eventually resulted in her becoming a ward of the state, her drug-influenced relationships with a series of celebrities including Jackson Browne, and her efforts to relocate to Greenwich Village and reconnect with her family. 25,000 first printing.

Pattie Boyd was the Queen of the Sixties and beyond...a drop-dead gorgeous model, photographer, and the inspiration for the timeless 'Something, 'Layla' and 'Wonderful Tonight'. Her story is one of drama, struggle and, ultimately, affirmation, but her struggles (against addiction, tragedy, infertility) were lived with two of the twentieth-century's greatest musical icons: her husbands George Harrison and Eric Clapton. Now, after 40 years, she tells her extraordinary story. From growing up in Kenya in a privileged but broken home, becoming a Sixties supermodel, working with Bailey and Ozzie Clarke, and meeting the Beatles, to marriage with George and then Eric, to the accidents and brushes with tragedy - her own and Eric's - this is a mesmerising human story, played out among some of the most iconic and charismatic figures of the late twentieth century. Written with the acclaimed biographer and journalist Penny Junor, Wonderful Tonight is rich and raw, it is funny, heartbreaking and heartwarming.

Until now, the true story of John Lennon's childhood has never been told. John's sister Julia has herself been on a personal journey that has made it possible only now to reveal the full extent of the pain and difficulties - as well as the happier times - living inside John Lennon's family brought. Julia reveals the various strong, self-willed and selfish women who surrounded John as he grew up. John was removed from his mother at the age of 5 to live with his Aunt Mimi, and here Julia shows for the first time the cruelty of this decision - to both mother and son, she sheds a new light on his upbringing with Mimi which is often at dramatic odds with the accepted tale. John's frequent visits to his mother and sisters gave him the liveliness, freedom and love he sought and allowed him to develop his musical talents. The tragic death of their mother, knocked down outside Aunt Mimi's house by a speeding car when John was 17, meant that life for him and his sisters would never be the same again. Poignant, raw and beautifully written, IMAGINE THIS casts John Lennon's life in a new light and reveals the source of his emotional fragility and musical genius. It is also one family's extraordinary story of how it dealt with fame and tragedy beyond all imagining.

Offers a rare inside view of the Beatles and the cultural revolution of which they were a part, with a personal recollection of Harrison's evolution as a musician and composer.

Pang, John Lennon's girlfriend from 1973 to 1975, presents these never-before-seen images of the music icon. She has written rich captions to accompany her photos--taken together, they tell a simple story of the time she and Lennon spent together.

When their hard-drinking, but loving, father dies in a car accident, teenage brothers Kyle and Clint Hayes face a bleak prospect: leaving their Pennsylvania hometown for an uncertain life in Arizona with the mother who ran out on them years ago. But in a strange twist of fate, their town's matriarch, an eccentric, wealthy old woman whose family once owned the county coal mines, hears the boys' story. Candace Jack doesn't have an ounce of maternal instinct, yet for reasons she does not even understand herself, she is compelled to offer them a home. Suddenly, the two boys go from living in a small, run-down house on a gravel road to a stately mansion filled with sumptuous furnishings and beautiful artwork-artwork that's predominantly centered, oddly, on bullfighting. And then there's Miss Jack's real-life bull: Ventisco-a regal, hulking, jet-black beast who roams the land she owns with fiery impudence. Kyle adjusts more easily to the transition. A budding artist, he finds a kindred spirit in Miss Jack. But local baseball hero Clint refuses to warm up to his new benefactress and instead throws himself into his game with a fierceness that troubles his little brother. Clint is not just grieving his father's death; he's carrying a terrible secret that he has never revealed to anyone. Unbeknownst to the world, Candace Jack has a secret too-a tragic, passionate past in Spain that the boys' presence threatens to reveal as she finds herself caring more for them than she ever believed possible. From the muted, bruised hills of Pennsylvania coal country to the colorful, flamboyant bull rings of southern Spain, Tawni O'Dell takes us on a riveting journey not only between two completely different lands, but also between seemingly incompatible souls, casting us under her narrative spell in which characters and places are rendered with fragile tenderness.
