The third volume in the hard-hitting, best-selling Once Were Warriors trilogy. The millennium has changed but have the Hekes? Where are they now, Beth, Jake, and what of their other children? Son Abe who has rejected violence but violence finds him. Polly, as beautiful as her sister Grace, who committed suicide; is that a Heke running around with the wealthy polo-playing set and growing rich herself? And the gang leader, Apeman, who killed Tania, what's prison like, does it change a man, grow him or not? We meet another tragic female figure, Sharneeta. And Alistair Trambert, a middle-class white boy sunk into the same welfare dependency trap as the Maoris his class criticises. Meet Charlie Bennett, Beth's husband, a fine man, and yet . . . And yet there's Jake Heke, casting his long shadow over everyone. Has he really grown up?

A fresh, personal account of New Zealand, now, from one of our hardest-hitting writers. Following Once Were Warriors, Alan Duff wrote Maori: The Crisis and the Challenge. His controversial comments shook the country. A quarter of a century later, New Zealand and Maoridom are in a very different place. And so is Alan – he has published many more books, had two films made of his works, founded the Duffy Books in Homes literacy programme and endured 'some less inspiring moments, including bankruptcy'. Returned from living in France, he views his country with fresh eyes, as it is now: homing in on the crises in parenting, our prisons, education and welfare systems, and a growing culture of entitlement that entraps Pakeha and Maori alike. Never one to shy away from being a whetstone on which others can sharpen their own opinions, Alan tells it how he sees it.

A moving, powerful novel about facing your crimes, about freedom and about redemption, from the renowned author of Once Were Warriors. 'I'm thirteen and I'm in a cell. A cell. It's got real bars, up there protecting that high window. I can jump up and touch them. I'm in a cell. That door is for real; it's made of solid steel, and it's got a peephole. So they can spy on me. But I ain't gonna bust. I damn well ain't.' Charlie Wilson, the 'state house boy' from Two Lakes, is sent to Riverton Boys' Home as a state ward 'until such time as you are seen fit to return to society'. The door in the cellblock isn't the only thing that Charlie finds is for real. There's also the name 'George' scrawled on the walls, and by it the word 'kehua' or ghost. . . .

In 1990 unknown Maori author Alan Duff suddenly became both famous and notorious in New Zealand for his first novel Once Were Warriors. The violent story of a poor urban Maori family aroused much controversy in New Zealand society, and the Maori community in particular. Many Maori commentators condemned the novel for its negative and allegedly racist portrayal of the indigenous Maori people, accusing Duff for hanging out the dirty linen and blaming the victim. Four years later, the homonymous film by Maori director Lee Tamahori led to similar fame and controversy. On the one hand, critics strongly disapproved of the commercial indigenous film on social, political and aesthetic grounds. On the other hand however, Once Were Warriors became the most successful motion picture in the history of New Zealand cinema, grossing over 6.7 million NZ dollars in the national box office and reaching a large international audience. Once Were Warriors was not just a novel or film, but a powerful cultural representation which had a significant impact on New Zealand society. In this richly illustrated book Emiel Martens examines the impact of Once Were Warriors in Aotearoa New Zealand by exploring the two cultural representations (with a specific emphasis on the film) and their aftermath in postcolonial New Zealand society. Why did Once Were Warriors cause such a controversy within the Maori community? Which were the underlying metaphors of the public debate on both the novel and the film in New Zealand society? And what did the heated reception of Once Were Warriors say about the position and identity of the indigenous Maori people within modern New Zealand? Bringing together a wide variety of popular and academic texts, the author discusses these urgent questions in relation to timely New Zealand and wider postcolonial issues such as racial stereotypes, cultural politics, ethnic relations, indigenous media and Maori identity. As an interdisciplinary Cultural Studies endeavour, this book is surprisingly accessible and will prove interesting reading for anyone who wishes to know more about cultural identity, postcolonial representation and indigenous filmmaking in Aotearoa New Zealand.

The prize-winning, passionate and uncompromising sequel to the blistering classic novel, Once Were Warriors 'She always came the following day for a second visit on this yearly remembering; in fact, Polly Heke came several times a year and had done for the last two, from when she herself hit the same age as Grace'd been when she, uh, when she killed herself.' The searing power of Alan Duff's masterpiece Once Were Warriors rocked a nation and was acclaimed around the world. What Becomes of the Broken Hearted? is the challenging, poetic sequel, taking up the story of the Heke family six years after Grace's suicide. The novel won the Montana New Zealand Book Award for Fiction and was made into a film.

The second gripping, powerful novel by the author of Once Were Warriors. Boys' homes, borstal, jail, stealing, then jail again - and again. That's been life for Jube and Sonny. One Pakeha, the other Maori, only vaguely aware of life beyond pubs and their hopeless cronies . . . Reviewers found it compulsive and unforgettable, one saying: "Brutal, foul-mouthed, violent, despairing and real . . . it can't be ignored". In this novel Alan Duff confirms his skills as a gripping story-teller and a masterful creator of characters and situations. As one reviewer noted, it is 'original and important'.
