This is an amazing book that features exclusively designers from Vietnam. Vietnamese origami has a bit of a different visual style. I think the models look like they have more curved than straight lines. This book has a collection of diagrams from 14 different Vietnamese origami artists and pretty much all the models are awesome.

From the queen of modular origami comes this collection of extraordinary models for folders of all skill levels. Tomoko Fuse's full-color guide shows how to join separately folded modules to create masterpieces of the paperfolding art. The 20 projects range from the simplest, consisting only of two parts, to the most demanding, some of which feature 30 modules.

File Type PDF Origami Collection Guide

Illustrated directions accompany each of the figures, which are graded according to difficulty. The selections begin with easier models — including a square coaster, ninja star, and crown — and advance to slightly more complex projects — a flower with a stand, pleated and curled decorations, a crane, cubes, and a morning glory. The most sophisticated challenges include a pumpkin, a mosaic podium, a three-part triangular model, and the tetrahedron-and-octahedron combination called The Barber. Paperfolders' personal choices and combinations of colors will add individual flair to this stunning variety of models.
