A sale of computer software includes any transfer of title or possession or both, including a license to use. When a purchaser remotely accesses software over the Internet, the seller has transferred possession of the software because the purchaser gains constructive possession of the software and the right to use or control the software.

Computer Software - Government of New York

Sales tax treatment of software is the subject of this week's map. Ideally, all software purchases should be taxable to final users and exempt for business users. Instead, states tax some kinds of software and exempt others, based on whether it is customized or off-the-shelf and whether it is on CD or downloaded, all silly distinctions for ...
