A comprehensive guide to the burgeoning hedge fund industry Intended as a comprehensive reference for investors and fund and portfolio managers, Handbook of Hedge Funds combines new material with updated information from Francois-Serge L'habitant's two other successful hedge fund books. This book features up-to-date regulatory and historical information, new case studies and trade examples, detailed analyses of investment strategies, discussions of hedge fund indices and databases, and tips on portfolio construction. Francois-Serge L'habitant (Geneva, Switzerland) is the Head of Investment Research at Kedge Capital. He is Professor of Finance at the University of Lausanne and at EDHEC Business School, as well as the author of five books, including Hedge Funds: Quantitative Insights (0-470-85667-X) and Hedge Funds: Myths & Limits (0-470-84477-9), both from Wiley.

Automotive Detailing in Detail takes the combined experience and expertise of three leading detailing commentators to provide a thorough and expansive overview of automotive detailing techniques. From the pre-wash, wash and preparation stages, through machine polishing to paint protection and maintenance, every detailing stage is covered: surface types, contaminants and products are analysed, before the actual processes are laid bare. In the age of the internet and social media, a plethora of detailing knowledge is available online, yet it is strangely difficult to discover completely, or harness usefully. This book redresses the balance. Aimed at motoring enthusiasts, car mechanics, restorers, valets and those thinking of setting up a valeting/car detailing business and illustrated throughout with 268 colour photographs and 36 line artworks.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

This book will be a completely revised and updated version of the Land Rover 90, 110 and Defender Restoration Manual (H600), containing a great deal of new material, particularly on later Defender models which have become available since the original edition.
