identify specific problems; tips that give valuable short cuts to make the job easier and eliminate the need for special tools; notes, cautions and warnings for the home mechanic; color spark plug diagnosis and an easy to use index.

Information on routine servicing and repair for the DIY mechanic, with tasks described and photographed in a step-by-step sequence.

'Deep inside the grotto of my childhood innocence was a rational adult preparing to murder the sentry of youth'. The Moss Wall is a story of a ten year old boy told by his adult self. The boy is victimised at school by the headmaster and most of his fellow pupils. He endures beatings, humiliation and taunts that teaches him hatred and revenge. When the local School Inspector threatens his mother, he is pushed to the edge and plans a calculated attack. What emerges from this novella, is a story of love and hate, of mythical spirits and shadows of people who have sufferings far greater than his own. Enter the world of a ten year old boy in 1974 Northern Ireland and observe the innocence of logic and the subconscious reflection of a country bleeding to death.

Written for the do-it-yourselfer, good enough for the pro. Includes everything you wish to know about your vehicles heating and air conditioning. From simple adjustments, to complete tune-ups and troubleshooting.

Covers most anti-lock braking systems currently in use. Includes ABS theory, troubleshooting and a thorough description of how each system works.

This volume, part of Prentice Hall's Multimedia Series in Automotive Technology, contains the following features: -- CD-ROM with live action video, animation test bank questions with answers, scope waveform library, and a comprehensive glossary. -- Free access to a website with ASE-type questions allows readers to study for the ASE tests at their own pace. -- A worktext with more than 100 lab sheets. -- The use of photo sequences throughout this book.
