This comprehensive, revised text discusses psychiatric nursing through an adaptation and growth framework integrating the nursing process. This edition emphasizes psychiatric mental health nursing more from in-patient care to community-based care. Major disorders are addressed, as well as treatments and psychiatric topics throughout the lifespan. Other features include its visual and readable presentation and numerous pedagogical tools, such as learning objectives and therapeutic dialogues. New to this edition are: clinical examples at the beginning of every disorder; reflection and critical thinking questions; nursing care plans; historical capsule; nursing practice implications; key terms and more. A Study Guide accompanies the text. For more information, visit <http://connection.lww.com/go/mohr>.

Accompanying CD-ROM has review questions for the NCLEX examination, interactive exercises, animations, and an audio glossary.
