Book Review: The Love Songs of W.E.B. DuBois

As Savanna and Colt prepare for their wedding, something horrible happens, leaving them to reconsider where and when to get married. After everything seems to go back to normal, something else threatens the happy couple, causing greif, panic, remorse and pain. Colt will stop at nothing to protect his wife and their future together. Savanna must face all of her demons if she wants that beautiful future she always dreamed of. This is a love conquers all installment of The Mitchell Series

Book five in the Mitchell series is finally Conner's story. Please read this series in order, due to the fact that it is a continued story. He may not have the last name Mitchell, but he is a big part of the family. When Conner moved to NC to help out the family with a new business venture, he never saw himself becoming interested in his sister's boss, Amy. Their first meeting was not ideal and both were left with little interest in even becoming friends. After Conner learns about Amy's secret life, by accident, he becomes the only person to help her through it. Every time they get near each other their love/hate relationship fuels for a heated encounter. This book contains explicit language and sexual content.

The turbulent romance of Scarlett O'Hara and Rhett Butler is shaped by the ravages of the Civil War and Reconstruction.

One woman One man One empty bed and breakfast A summer storm One night they'll never forget - so they thought...
Reed comes into Erica's life, but there's little she knows about him. As his past unfolds, she'll have to decide if love is enough to keep them together.

A yet heartbreakingly honest, endearing memoir of incredible weight loss by a young food blogger who battles body image issues and overcomes food addiction to find self-acceptance. All her life, Andie Mitchell had eaten lustily and mindlessly. Food was her babysitter, her best friend, her confidant, and it provided a refuge from her fractured family. But when she stepped on the scale on her twentieth birthday and it registered a shocking 268 pounds, she knew she had to change the way she thought about food and herself; that her life was at stake. It Was Me All Along takes Andie from working class Boston to the romantic streets of Rome, from morbidly obese to half her size, from seeking comfort in anything that came cream-filled and two-to-a-pack to finding balance in exquisite (but modest) bowls of handmade pasta. This story is about much more than a woman who loves food and abhors her body. It is about someone who made changes when her situation seemed too far gone and how she discovered balance in an off-kilter world. More than anything, though, it is the story of her finding beauty in acceptance and learning to love all parts of herself.

Noah Mitchell has grown up knowing that he was going to one day take over the family ranch. He's worked along side of his father, Colt, since he was a young child. Now an adult, who has always been raised that family is the most important thing in life, he starts to question if running the family business is what he really wants to do. After a heated argument with his parents, Noah leaves town to clear his head. That's where he meets the beautiful Shalan, a singer, who longs for a life in the city. Sparks fly and soon Noah finds himself in a hard situation. When the time comes to return home, will Noah go back to his life on the farm, or will love lead him away?

Six years is a long time. People change. Life goes on. For Elias Hargrove it's been a time of reflection and growing up. He'd like to think he's not the same person that walked away from everything, leaving the people closest to him without an explanation. Nonetheless, some reactions are impossible to predict. Clarke Mayville hasn't had an easy life. Raised by her elderly grandparents, she fell in love and got pregnant while still in high school. As much as she yearned to get out of town and be something more, life continued to interfere, leaving her desperate, a single mother, and broken inside. Finally engaged to a man who could give her everything she needs, a ghost from her past comes walking through the door. Seeing Elias again isn't easy. He wasn't just the guy who broke her heart. He was the beginning of the end. Everything she's had to fight to keep in her life is a direct result of being involved with him. As much as Clarke wants to move on, she knows he's not leaving until he gets what he wants, and her only fear is that she'll actually allow it to happen. Flip my Life is a Standalone Romance.

Book Review: The Love Songs of W.E.B. DuBois

In this prescient thriller about an all-too-possible scenario, a man fights to keep his family alive when a cyberworld meltdown and fierce storms cut New York City off from the world. Mike Mitchell is an average New Yorker living in an apartment in Chelsea, struggling to keep his family together. When the internet goes down, he suddenly finds himself fighting just to keep them alive. The electricity and power supplies fade in and out, and the explanations offered by the authorities are vague and untrustworthy. A string of increasingly bizarre disasters starts appearing on the world's news networks, and a monster snowstorm hits New York City before Christmas. Mike and his close friends and family hunker down in their apartment building for safety, organizing and rationing food and water. Outside, the boundaries between lawful and criminal behaviour break down as resources become scarce. With the threat to their safety growing, Mike and his family pin their hopes on fleeing the city for the countryside. But as the world and cyberworld come crashing down, New York is suddenly cut off, turning the city into a wintry tomb where nothing is what it seems, and where no one can be trusted . . .

I've been in love with Brooks and Branch Valentine since we were all children. When it came time for me to pick, I sent the other brother away, and he took half of my heart with him.On the night before my marriage to Branch, tempers flared and I slept with Brooks. I fled to avoid the humiliation.Almost three years went by. I'd married another man and had a little girl. I never expected to see him again, but there he was back in my life.The only question was, would I give him my heart?
