Rework shows you a better, faster, easier way to succeed in business. Most business books give you the same old advice: Write a business plan, study the competition, seek investors, yadda yadda. If you're looking for a book like that, put this one back on the shelf. Read it and you'll know why plans are actually harmful, why you don't need outside investors, and why you're better off ignoring the competition. The truth is, you need less than you think. You don't need to be a workaholic. You don't need to staff up. You don't need to waste time on paperwork or meetings. You don't even need an office. Those are all just excuses. What you really need to do is stop talking and start working. This book shows you the way. You'll learn how to be more productive, how to get exposure without breaking the bank, and tons more counterintuitive ideas that will inspire and provoke you. With its straightforward language and easy-is-better approach, Rework is the perfect playbook for anyone who' s ever dreamed of doing it on their own. Hardcore entrepreneurs, small-business owners, people stuck in day jobs they hate, victims of "downsizing," and artists who don' t want to starve anymore will all find valuable guidance in these pages.

"Rework" shows you a better, faster, easier way to succeed in business. You'll learn how to be more productive, how to get exposure without breaking the bank, and tons more counterintuitive ideas that will inspire and provoke you.

From the founders of the trailblazing software company 37signals, here is a different kind of business book - one that explores a new reality. Today, anyone can be in business. Tools that used to be out of reach are now just a few pounds or even free. Stuff that was impossible just a few years ago is now simple. That means anyone can start a business. And you can do it without working miserable 80-hour weeks or depleting your life savings. You can start it on the side while your day job provides all the cash flow you need. Forget about business plans, meetings, office space - you don't need them. With its straightforward language and easy-is-better approach, Rework is the perfect playbook for anyone who's ever dreamed of doing it on their own. Hardcore entrepreneurs, small-business owners, people stuck in day jobs who want to get out, and artists who don't want to starve anymore will all find valuable inspiration and guidance in these pages. It's time to rework work.

"Rework" shows you a better, faster, easier way to succeed in business. You'll learn how to be more productive, how to get exposure without breaking the bank, and tons more counterintuitive ideas that will inspire and provoke you.

The classic guide to working from home and why we should embrace a virtual office, from the bestselling authors of Rework " A paradigm-smashing, compulsively readable case for a radically remote workplace. " —Susan Cain, New York Times bestselling author of Quiet Does working from home—or anywhere else but the office—make sense? In Remote, Jason Fried and David Heinemeier Hansson, the founders of Basecamp, bring new insight to the hotly debated argument. While providing a complete overview of remote work' s challenges, Jason and David persuasively argue that, often, the advantages of working " off-site " far outweigh the drawbacks. In the past decade, the " under one roof " model of conducting work has been steadily declining, owing to technology that is rapidly creating virtual workspaces. Today the new paradigm is " move work to the workers, rather than workers to the workplace. " Companies see advantages in the way remote work increases their talent pool, reduces turnover, lessens their real estate footprint, and improves their ability to conduct business across multiple time zones. But what about the workers? Jason and David point out that remote work means working at the best job (not just one that is nearby) and achieving a harmonious work-life balance while increasing productivity. And those are just some of the perks to be gained from leaving the office behind. Remote reveals a multitude of other benefits, along with in-the-trenches tips for easing your way out of the office door where you control how your workday will unfold. Whether you' re a manager fretting over how to manage workers who " want out " or a worker who wants to achieve a lifestyle upgrade while still being a top performer professionally, this book is your indispensable guide.

Jason Fried and David Heinemeier Hansson, the authors of the New York Times bestseller Rework, are back with a manifesto to combat all your modern workplace worries and fears.

John has never been a stranger to hard work. As a young man he started a hip-hop inspired fashion brand on the streets of Queens, New York, with a \$40 budget; today his brand, FUBU, has over \$6 billion in sales. The truth, he says, is that if you want to get and stay ahead, you need to put in the work. You need to outthink, out hustle, and outperform everyone around you. You've got to rise and grind every day. Here John shares the habits and mind-set that empower him, letting us in on how he makes the most of his 24/7. And he opens up about his recent cancer scare and how it fuels him to continue to challenge himself.

In this timely manifesto, the authors of the New York Times bestseller Rework broadly reject the prevailing notion that long hours, aggressive hustle, and "whatever it takes" are required to run a successful business today. In Rework, Jason Fried and David Heinemeier Hansson introduced a new path to working effectively. Now, they build on their message with a bold, iconoclastic strategy for creating the ideal company culture—what they call "the calm company." Their approach directly attack the chaos, anxiety, and stress that plagues millions of workplaces and hampers billions of workers every day. Long hours, an excessive workload, and a lack of sleep have become a badge of honor for modern professionals. But it should be a mark of stupidity, the authors argue. Sadly, this isn' t just a problem for large organizations—individuals, contractors, and solopreneurs are burning themselves out the same way. The answer to better productivity isn' t more hours—it' s less waste and fewer things that induce distraction and persistent stress. It' s time to stop celebrating Crazy, and start celebrating Calm. Fried and Hansson assert. Fried and Hansson have the proof to back up their argument. "Calm" has been the cornerstone of their company' s culture since Basecamp began twenty years ago. Destined to become the management guide for the next generation, It Doesn't Have to Be Crazy at Work is a practical and inspiring distillation of their insights and experiences. It isn' t a book telling you what to do. It' s a book showing you what they' ve done—and how any manager or executive no matter the industry or size of the company, can do it too.
