Sailing Alone Around the Room, by America's Poet Laureate, Billy Collins, contains both new poems and a generous gathering from his earlier collections The Apple That Astonished Paris, Questions About Angels, The Art of Drowning, and Picnic, Lightning. These poems show Collins at his best, performing the kinds of distinctive poetic maneuvers that have delighted and fascinated so many readers. They may begin in curiosity and end in grief; they may start with irony and end with lyric transformation; they may, and often do, begin with the everyday and end in the infinite. Possessed of a unique voice that is at once plain and melodic, Billy Collins has managed to enrich American poetry while greatly widening the circle of its audience.

Bruce Weber in the New York Times called Billy Collins "the most popular poet in America." He is the author of many books of poetry, including, most recently, The Rain in Portugal: Poems. In 1988 the University of Arkansas Press published Billy Collins's The Apple That Astonished Paris, his "first real book of poems," as he describes it in a new, delightful preface written expressly for this new printing to help celebrate both the Press's twenty-fifth anniversary and this book, one of the Press's all-time best sellers. In his usual witty and dry style, Collins writes, "I gathered together what I considered my best poems and threw them in the mail." After "what seemed like a very long time" Press director Miller Williams, a poet as well, returned the poems to him in the "familiar self-addressed, stamped envelope." He told Collins that there was good work here but that there was work to be done before he'd have a real collection he and the Press could be proud of: "Williams's words were more encouragement than I had ever gotten before and more than enough to inspire me to begin taking my writing more seriously than I had before." This collection includes some of Collins's most anthologized poems, including "Introduction to Poetry," "Another Reason Why I Don't Keep a Gun in the House," and "Advice to Writers." Its success over the years is testament to Collins's talent as one of our best poets, and as he writes in the preface, "this new edition . . . is a credit to the sustained vibrancy of the University of Arkansas Press and, I suspect, to the abiding spirit of its former director, my first editorial father."

Den første enmandssejlads jorden rundt i årene 1895-1898

'Billy Collins is one of my favourite poets in the world' Carol Ann Duffy Readers will only have to open this book at random to realize the privation a life without Billy Collins has been. A writer of immense grace and humanity, Billy Collins shows how the great forces of history and nature converge on the tiniest details of our lives - and in doing so presents them in a new radiance. He is also unbelievably funny. 'The most popular poet in America' New York Times 'Billy Collins writes lovely poems . . . Limpid, gently and consistently startling, more serious than they seem, they describe all the worlds that are and were and some others besides' John Updike 'Billy Collins' medium is a rare amalgam of accessibility and

intelligence. I'd follow this man's mind anywhere. Expect to be surprised' Michael Donaghy 'Smart, his strings tuned and resonant, his wonderful eye looping over the things, events and ideas of the world, rueful, playful, warm voiced, easy to love' E. Annie Proulx

Presents an anthology of poetry about birds from both classical and contemporary poets alike, in a work that features paintings from bird illustrator David Allen Sibley.

Billy Collins has emerged as the most beloved American poet since Robert Frost, garnering critical acclaim and broad popular appeal. Annie Proulx admits, "I have never before felt possessive about a poet, but I am fiercely glad that Billy Collins is ours." This special, limited edition celebrates Billy Collins's years as U.S. Poet Laureate. Questions About Angels--one of the books that helped establish and secure his reputation and popularity during the 1990s--is remarkable for its wry, inquisitive voice and its sheer imaginative range. Edward Hirsch selected this classic book for the National Poetry Series, and each of Collins's poems--from his meditation on forgetfulness to his musings on the behavior of angels--is an exploration of imaginative possibilities. Whether reading him for the first time or the fiftieth, this collector's edition is a must-have for anyone interested in the poet the New York Times calls simply "the real thing."

NEW YORK TIMES BESTSELLER • From former U.S. Poet Laureate Billy Collins comes a twelfth collection of poetry offering over fifty new poems that showcase the generosity, wit, and imaginative play that prompted The Wall Street Journal to call him "America's favorite poet." The Rain in Portugal--a title that admits he's not much of a rhymer--sheds Collins's ironic light on such subjects as travel and art, cats and dogs, loneliness and love, beauty and death. His tones range from the whimsical--"the dogs of Minneapolis . . . / have no idea they're in Minneapolis"--to the elegiac in a reaction to the death of Seamus Heaney. A student of the everyday, Collins here contemplates a weather vane, a still life painting, the calendar, and a child lost at a beach. His imaginative fabrications have Shakespeare flying comfortably in first class and Keith Richards supporting the globe on his head. By turns entertaining, engaging, and enlightening, The Rain in Portugal amounts to another chorus of poems from one of the most respected and familiar voices in the world of American poetry. Praise for The Rain in Portugal "Nothing in Billy Collins's twelfth book . . . is exactly what readers might expect, and that's the charm of this collection."--The Washington Post "This new collection shows [Collins] at his finest. . . . Certain to please his large readership and a good place for readers new to Collins to begin."--Library Journal "Disarmingly playful and wistfully candid."--Booklist

WINNER--BEST POETRY--GOODREADS CHOICE AWARDS NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NEWSWEEK/THE DAILY BEAST NATIONAL BESTSELLER Billy

Collins is widely acknowledged as a prominent player at the table of modern American poetry. And in this smart, lyrical, and mischievous collection of poetry, which covers the everlasting themes of love and loss, youth and aging, solitude and union, Collins's verbal gifts are on full display. Note to Readers: adjusting the size of the type on your e-reading device may affect the line formatting of this eBook. We have formatted the eBook so that any words that get bumped to a new line in a poem will be noticeably indented.

Nine Horses, Billy Collins's first book of new poems since Picnic, Lightning in 1998, is the latest curve in the phenomenal trajectory of this poet's career. Already in his forties when he debuted with a full-length book, The Apple That Astonished Paris, Collins has become the first poet since Robert Frost to combine high critical acclaim with broad popular appeal. And, as if to crown this success, he was appointed Poet Laureate of the United States for 2001-2002, and reappointed for 2002-2003. What accounts for this remarkable achievement is the poems themselves, quiet meditations grounded in everyday life that ascend effortlessly into eye-opening imaginative realms. These new poems, in which Collins continues his delicate negotiations between the clear and the mysterious, the comic and the elegiac, are sure to sustain and increase his audience of avid readers.

A collection of poems offers insights into common and unusual life events and the human condition.
