That look is why best-selling author, journalist and world-class communicator Shirley Conran, aged 85, has dedicated the last fourteen years to maths education. This year she founded The Maths Anxiety Trust. She is sure of the importance of the Trust's efforts.

Five women must spend months alone together in a hostile jungle, threatened on land and in the water and—perhaps most dangerous of all—by their own exposed and violent passions, that turn them, into savages far worse than their hunters and enemies.

Elinor, a legendary novelist, is on her deathbed and must decide to whom she will leave her fortune. Which, if any, of her three granddaughters will inherit? Beautiful Annabel, Miranda, the brilliant businesswoman, or Clare, the film producer's wife with a social conscience?

Having triumphed, in a way, over abandonment, seduction, and exploitation, Lili—a world-famous movie star—demands to know which of four equally successful older women is her mother.

Four elegant, successful, and sophisticated women in their forties are called to New York's Pierre Hotel to meet Lili—a beautiful, young, and notoriously temperamental Hollywood movie star. None of the women knows exactly why she is there; each has a reason to hate Lili and each of them is astonished to see the others. They are old friends who share a guilty secret and who have for years been doing their best to keep that secret quiet. Their lives are changed forever, however, when Lili suddenly confronts them. When the women refuse to answer her, Lili proceeds to travel around the world through the playgrounds of the rich and famous, seeking to answer the question that has obsessed and almost destroyed her. From Paris to London, from the boardroom to the bedroom, Lace takes readers into the rarified world of five unforgettable women who are as beautiful, as complex, and as strong as...lace.

Running a lucrative marijuana operation in Laguna Beach, environmentalist Ben and mercenary Chon confront an adversary in the Mexican Baja cartel who kidnaps their playmate and confidante Ophelia, compelling the duo to plot negotiations.

"With unflinching panache and a style that swoops from crisply cynical to downright voluptuous, Princess Daisy is a guaranteed winner."—Cosmopolitan She was born Princess Marguerite Alexandrovna Valensky. But everyone called her Daisy. She was a blonde beauty living in a world of aristocrats and countless wealthy. Her father was a prince, a Russian nobleman. Her mother was an American movie goddess. Men desired her. Women envied her. Daisy's life was a fairy tale filled with parties and balls, priceless jewels, money and love. Then, suddenly, the fairy tale ended. And Princess Daisy had to start again, with nothing—except the secret she guarded from the day she was born. Praise for Princess Daisy "This page-turner is a champion."—People "Judith Krantz has written the glamour novel of the year if not of the decade. Princess Daisy has the same storytelling assets as Scruples, only more of them. Glamour, glamour is everywhere."—John Barkham Reviews "A positively gorgeous reading experience."—Shirley Eder, Detroit Free Press "Princess Daisy soars to the heights of escapist entertainment. . . . It is delicious."—Jill Gerson, Philadelphia Inquirer "In true saga style, this blockbuster weaves its spell across an international landscape. A breathless spin of romance."—Kitty Kelley, Hollywood Reporter "Elegantly written, with verve and panache. . . . a glamorous, extremely adult Cinderella story to delight millions of readers who relish nonstop entertainment. Rollicking wit, high drama, haute couture, and a fascinating cast of characters, who gallop from one sumptuous setting to the next."—Ft. Worth Chronicle

One woman resists the demands of her fellow stranded survivors on an inhospitable planet in this "elegant and electric . . . tour-de-force" (Samuel R. Delany). In this stunning and boldly imagined novel, an explosion leaves the passengers of a starship marooned on a barren alien planet. Despite only a slim chance for survival, most of the strangers are determined to colonize their new home. But the civilization they hoped for rapidly descends into a harsh microcosm of a male-dominated society, with the females in the group relegated to the subservient position of baby-makers. One holdout wants to accept her fate realistically and prepare for death. But her desperate fellow survivors have no intention of honoring her individual right to choose. They're prepared to force her to submit to their plan for reproduction—which will prove to be a grave mistake . . . In Hugo and Nebula Award-winning author Joanna Russ's trailblazing body of work, "her genius flows and convulses, shames and alarms" (The Washington Post).

Mimi Quinn's life is forever altered when, at the age of thirteen, she is caught up by the thrill of the music hall and joins Jolly Joe's troupe. Her dark treacle voice soon wins acclaim, just as her friend Betsy Bridges' extraordinary beauty marks her out as a star-to-be. But one night a terrible accident wrecks their ambitions and starts a grim feud which will continue for decades. On screen, on stage and backstage, the subsequent battles threaten to ruin not only the lives of Mimi and Betsy but also of their families in this gripping story, which explores the difficulties of forgiveness . . . and the dangers of revenge. And after seventy years of trying to destroy each other, something entirely unexpected happens which might end the feud forever.
