new ground in the male-dominated maritime world. Originally published as *Women Sailors and Sailor's Women*. Reissue. 30,000 first printing.

With her pistols loaded she went aboard  
And by her side hung a glittering sword  
In her belt two daggers, well armed for war  
Was this female smuggler  
Was this female smuggler who never feared a scar.  
If a "hen frigate" was any ship carrying a captain's wife, then a "she captain" is a bold woman distinguished for courageous enterprise in the history of the sea. "She captains," who infamously possessed the "bodies of women and the souls of men," thrilled and terrorized their shipmates, doing "deeds beyond the valor of women." Some were "bold and crafty pirates with broadsword in hand." Others were sirens, too, like the Valkyria Princess Alfild, whom the mariners made rover-captain for her beauty. Like their male counterparts, these astonishing women were drawn to the ocean's beauty -- and its danger. In her inimitable, yarn-spinning style, award-winning historian Joan Druett tells us what life was like for the women who dared to captain ships of their own, don pirates' garb, and perform heroic and hellacious deeds on the high seas. We meet Irish raider Grace "Grania" O'Malley -- sometimes called "the bald Grania" because she cut her hair short like a boy's -- who commanded three galleys and two hundred fighting men. Female pirates Anne Bonny and Mary Read were wanted by the law. Armed to the teeth with cutlasses and pistols, they inspired awe and admiration as they swaggered about in fancy hats and expensive finery, killing many a man who cowered cravenly before them. Lovelorn Susan "Put on a jolly sailor's dress/  
And daubed her hands with tar/  
To cross the

raging sea/On board a man of war" to be near her William. Others disguised themselves for economic reasons. In 1835, Ann Jane Thornton signed on as a ship's steward to earn the fair wage of nine dollars per month. When it was discovered that she was a woman, the captain testified that Jane was a capital sailor, but the crew had been suspicious of her from the start, "because she would not drink her grog like a regular seaman." In 1838, twenty-two-year-old Grace Darling led the charge to rescue nine castaways from the wreck of the Forfarshire (the Titanic of its day). "I'll save the crew!" she cried, her courageous pledge immortalized in a torrent of books, songs, and poems. Though "she captains" had been sailing for hundreds of years by the turn of the twentieth century, Scotswoman Betsey Miller made headlines by weathering "storms of the deep when many commanders of the other sex have been driven to pieces on the rocks." From the warrior queens of the sixth century B.C. to the women shipowners influential in opening the Northwest Passage, Druett has assembled a real-life cast of characters whose boldness and bravado will capture popular imagination. Following the arc of maritime history from the female perspective, *She Captains'* intrepid crew sails forth into a sea of adventure.

From the voyage of the Argonauts to the Tailhook scandal, seafaring has long been one of the most glaringly male-dominated occupations. In this groundbreaking interdisciplinary study, Margaret Creighton, Lisa Norling, and their co-authors explore the relationship of gender and seafaring in the Anglo-American age of sail. Drawing on a wide range of American and British sources—from diaries, logbooks, and

## Download File PDF Seafaring Women Adventures Of Pirate Queens Female Stowaways Amp Sailors Wives David Cordingly

account ledgers to songs, poetry, fiction, and a range of public sources—the authors show how popular fascination with seafaring and the sailors' rigorous, male-only life led to models of gender behavior based on "iron men" aboard ship and "stoic women" ashore. Yet *Iron Men, Wooden Women* also offers new material that defies conventional views. The authors investigate such topics as women in the American whaling industry and the role of the captain's wife aboard ship. They explore the careers of the female pirates Anne Bonny and Mary Read, as well as those of other women—"transvestite heroines"—who dressed as men to serve on the crews of sailing ships. And they explore the importance of gender and its connection to race for African American and other seamen in both the American and the British merchant marine. Contributors include both social historians and literary critics: Marcus Rediker, Dianne Dugaw, Ruth Wallis Herndon, Haskell Springer, W. Jeffrey Bolster, Laura Tabili, Lillian Nayder, and Melody Graulich, in addition to Margaret Creighton and Lisa Norling.

For centuries the sea has been regarded as a male domain. Fisherman, navy officers, pirates, and explorers roamed the high seas while their wives and daughters stayed on shore. Oceangoing adventurers and the crews of their ships were part of an all-male world — or were they? In this illuminating historical narrative, maritime scholar David Cordingly shows that in fact an astonishing number of women went to sea in the great age of sail. Some traveled as the wives or mistresses of captains. A few were smuggled aboard by officers or seaman. A number of cases have come to light

## Download File PDF Seafaring Women Adventures Of Pirate Queens Female Stowaways Amp Sailors Wives David Cordingly

of young women dressing in men ' s clothes and working alongside the sailors for months, and sometimes years. In the U.S. and British navies, it was not uncommon for the wives of bosuns, carpenters, and cooks to go to sea on warships. Cordingly ' s tremendous research shows that there was indeed a thriving female population — from female pirates to the sirens of legend — on and around the high seas. A landmark work of women ' s history disguised as a spectacularly entertaining yarn, *Women ' s Sailors and Sailor ' s Women* will surprise and delight readers.

The wives and female guests of commissioned officers often went to sea in the sailing ships of the British Royal Navy in the 18th and 19th centuries, but there were other women on board as well, rarely mentioned in print. Suzanne Stark has written the story of the women who lived on the lower decks. She thoroughly investigates the custom of allowing prostitutes to live with the crews of warships in port. She provides some judicious answers to questions about what led so many women to such an appalling fate and why the Royal Navy unofficially condoned the practice. She also offers some revealing firsthand accounts of the wives of warrant officers and seamen who spent years at sea living—and fighting—beside their men without pay or even food rations, and of the women in male disguise who actually served as seamen or marines. These women ' s stories have long intrigued the public as the popularity of the often richly embellished accounts of their exploits has proved. Stark disentangles fact from myth and offers some well-founded explanations for such perplexing phenomena as the willingness of women to join the navy when most of the men had

## Download File PDF Seafaring Women Adventures Of Pirate Queens Female Stowaways Amp Sailors Wives David Cordingly

to be forced on board by press gangs. Now available in paperback, this lively history draws on primary sources and so gives an authentic view of life on board the ships of Britain ' s old sailing navy and the social context of the period that served to limit roles open to lower-class women. The final chapter is devoted to the autobiography of one redoubtable seagoing woman: Mary Lacy, who served as a seaman in shipwright in the Royal Navy for twelve years.

Presents a social and historical survey of female piracy, from 480 B.C. to contemporary accounts

In the first-ever comprehensive survey of the world's female buccaneers, *Pirate Women: The Princesses, Prostitutes, and Privateers Who Ruled the Seven Seas* tells of the women, both real and legendary, who through the ages sailed alongside—and sometimes in command of—their male counterparts. These women came from all walks of life but had one thing in common: a desire for freedom. History has largely ignored these female swashbucklers, until now. Here are their stories, from ancient Norse warriors like Awilda, Stikla, and Rusla; to Sayyida al-Hurra of the Barbary corsairs; from Grace O'Malley, who terrorized shipping operations around the British Isles during the reign of Queen Elizabeth; to Cheng I Sao, who commanded a fleet of 400 ships off China in the early 19th century. Author Laura Sook Duncombe also looks beyond the stories to the storytellers and mythmakers. What biases and agendas motivated them? What did they leave out? *Pirate Women* explores why and

## Download File PDF Seafaring Women Adventures Of Pirate Queens Female Stowaways Amp Sailors Wives David Cordingly

how these stories are told and passed down and how history changes depending on who is recording it. It's the largest overview of women pirates in one volume and chock-full of swashbuckling adventures. In this book, pirate women are pulled from the shadows into the spotlight that they deserve.

Outpirating the pirates with one of the most interesting men alive: Max Hardberger recounts his adventures repossessing ships and sneaking them out of lawless, third-world countries, often under threat of death or imprisonment. His journeys lead him from corrupt ports in the Caribbean to the ice-bound docks of Vladivostok. His adventures in rescuing ships pit him against a rogue's gallery of antagonists, including Haitian rebels, modern-day Caribbean pirates and Russian mobsters. • Capt. Max Hardberger uses every trick, tool and tactic at his disposal to right wrongs and out-pirate pirates in this action-packed expose of the seedy underworld of international shipping. As a professional ship extractor, he risks death and imprisonment in dangerous third-world ports to steal ships from modern buccaneers and corrupt governments and deliver them back to their rightful owners. In the course of his adventures, he's had to outwit resourceful crime families, subdue armed soldiers, and turn the tables on clever con artists. He's escaped imprisonment in Venezuela and avoided death at the hands of the Russian mafia. Because Max shuns the use of force, the ingenious methods he must use to accomplish his missions are the stuff of legend he's employed a witch doctor in Haiti, tricked armed guards off a ship in Honduras, and rented a brothel in Mexico, all to thwart the designs of ship-thieves. Seized! is an

## Download File PDF Seafaring Women Adventures Of Pirate Queens Female Stowaways Amp Sailors Wives David Cordingly

intense, fast-paced window on the underbelly of ocean shipping, where all power comes from the barrel of a gun, and the only law is the law of survival. -- "Max Hardberger, maritime repo man extraordinaire ... Using a combination of ingenuity, stealth and good old-fashioned derring-do, he has made his name retaking vessels which have been hijacked or which, through local corruption, are impounded by authorities hungry for bribes." • -- Sunday Express • "With most people, the longer you spend talking to them, the more normal they appear. With Hardberger, the reverse applies. Just when you think you've heard it all, he comes up with something wilder ... Over the years, he's distracted crews with prostitutes and witch doctors, bribed officials to look the other way, conned Russian mobsters and hidden from naval radar by riding out thunderstorms at sea; he's even taken a 10,000-tonne freighter out of Haiti while the 2004 revolution was going on around him." • -- Guardian • "Required reading, fascinating. Maritime Repo Man Hardberger does it tough; his life is flown by the seat of his pants, or shipped, much like his profession ... This book delivers." • -- Paul Carter, bestselling author of Don't Tell Mum I Work On The Rigs and This Is Not A Drill • "In this heart-stopping account of his work recovering stolen (or otherwise illegally-seized) ships from 'hellhole' ports, commercial captain Hardberger proves himself tough as a tank and articulate as a poet ... [He] has a seafarer's gift for atmospheric storytelling, layering details to create a sense of place, history, and foreboding ... Hardberger's escapades make undeniably fun reading." • -- Publishers Weekly • "One of the strengths of Hardberger's book is his prose, which is lucid, entertaining and dramatic." • -- Daniel

Sekulich, author of *Terror on the Seas: True Tales of Modern Day Pirates*

“ This is the most authoritative and highly literate account of these pernicious people that I have ever read. ” —Patrick O'Brian “ [A] wonderfully entertaining history of pirates and piracy . . . a rip-roaring read . . . fascinating and unexpected. ” —Men's Journal This rollicking account of the golden age of piracy is packed with vivid history and high seas adventure. David Cordingly, an acclaimed expert on pirates, reveals the spellbinding truth behind the legends of Blackbeard, Captain Kidd, Sir Francis Drake, the fierce female brigands Mary Read and Anne Bonny, and others who rode and robbed upon the world's most dangerous waters. Here, in thrilling detail, are the weapons they used, the ships they sailed, and the ways they fought—and were defeated. Under the Black Flag also charts the paths of fictional pirates such as Captain Hook and Long John Silver. The definitive resource on the subject, this book is as captivating as it is supremely entertaining. Praise for *Under the Black Flag* “ [A] lively history . . . If you've ever been seduced by the myth of the cutlass-wielding pirate, consider David Cordingly's *Under the Black Flag*. ” —USA Today, “ Best Bets ” “ Engagingly told . . . a tale of the power of imaginative literature to re-create the past. ” —Los Angeles Times “ Entirely engaging and informative . . . a witty and spirited book. ” —The Washington Post Book World “ Plenty of thrills and adventure to satisfy any reader. ” —The Philadelphia Inquirer

In 1963 Jane Yolen released a book called *PIRATES IN PETTICOATS*, because the

## Download File PDF Seafaring Women Adventures Of Pirate Queens Female Stowaways Amp Sailors Wives David Cordingly

idea of women as pirates fascinated her--but there wasn't much information about these women who made their livelihoods plundering on the high seas. Scholars have dug up a bounty of new information since then, and Jane, still fascinated, revisits the ladies who loot. Discover such great pirates as Artemisia, the Admiral Queen of Persia who sailed the seas from 500 to 480 BC. At one point there was a 10,000 drachma prize for anyone who could capture her. There was Rachel Wall, who ran away from her strict upbringing and became a murderous pirate terrorizing the waters of the Atlantic coastline of America. She was hanged for her deeds. Possibly the most famous woman pirate of all was Grania O'Malley, daughter of an Irish chieftain. She plagued the English and was arrested several times, always gaining her freedom to pirate some more. Meet ten other female pirates on their ships, in battle, and in disguise in this intriguing look at the wayward women of the waves. Christine Joy Pratt's pen-and-ink illustrations are alive with action and excitement. Here be a true and accurate account of the most low-down, scurviest--but the prettiest--black-hearted pirates you'll ever love to read about.
