Miss Elsie Stanhope resided in Nottinghamshire, an area so rich in titled gentlemen, so felicitous for marriage-minded mamas, it was called "the Dukeries." Indeed, Elsie had been betrothed since childhood to the heir of a dukedom. She had no expectation it would be a love match. Still less that she would enter into a shockingly scandalous affair with an altogether different sort of lover. And the very last thing she imagined was that the mysteries of his birth would be unraveled with as many unforeseen twists and turns as the deepest secrets of her heart. Praise for the novels of Jane Goodger "Gentle humor, witty banter, and attractive characters." --Library Journal on Marry Christmas "A touching, compassionate, passion-filled romance." --Romantic Times on A Christmas Waltz

For courses in Financial Accounting, Financial Reporting, Financial Statement Analysis, Introduction to Business, or MBA finance courses. Understanding the Corporate Annual Report: Nuts, Bolts, and A Few Loose Screws provides a clearly written, step-by-step guide to understanding corporate annual reports. Authors Fraser and Ormiston instruct readers on how to ignore the PR letters from the corporate management team, engaging graphics, and other "garnishes" that typically accompany current annual reports in order to focus on what really counts--a company's performance and financial health! Throughout the text, the authors examine management's attempts to manipulate earnings and other performance measures, and they explain what the numbers in the report really mean.

The evidence-based approach to a more worthwhile portfolio The Index Revolution argues that active investing is a loser's game, and that a passive approach is more profitable in today's market. By adjusting your portfolio asset weights to match a performance index, you consistently earn higher rates of returns and come out on top in the long run. This book explains why, and describes how individual investors can take advantage of indexing to make their portfolio stronger and more profitable. By indexing investment operations at a very low cost, and trusting that active professionals have set securities prices as correctly as possible, you will achieve better long-term results than those who look down on passive approaches while following outdated advice that no longer works. "Beating the market" is much harder than it used to be, and investors who continue to approach the market with that mindset populate the rolls of market losers time and time again. This book explains why indexing is the preferred approach in the current investment climate, and destroys the popular perception of passive investing as a weak market strategy. Structure your portfolio to perform better over the long term Trust in the pricing and earn higher rates of return Learn why a passive approach is more consistent and worthwhile Ignore overblown, outdated advice that is doomed to disappoint All great investors share a common secret to success: rational decision-making based on objective information. The Index Revolution shows you a more rational approach to the market for a more profitable portfolio.

The classic study of canine behavior: “A major authoritative work... Immensely rewarding reading for anyone concerned with dog-breeding.”—Times Literary Supplement Based on twenty years of research at the Jackson Laboratory, this is the single most important and comprehensive reference work on the behavior of dogs ever compiled, written by geneticist and comparative psychologist John Paul Scott, known for his research into social behavior and aggression. “One of the most important texts on canine behavior published to date. Anyone interested in breeding, training, or canine behavior must own this book.”—Wayne Hunthausen, D.V.M., Director of Animal Behavior Consultations “This pioneering research on dog behavioral genetics is a timeless classic for all serious students of ethology and canine behavior.”—Dr. Michael Fox, Senior Advisor to the President, The Humane Society of the United States “Comprehensive...[a] seminal work.”—Mark Derr, The Atlantic Monthly “Essential reading for anyone involved in the breeding of dogs. No breeder can afford to ignore the principles of proper socialization first discovered and articulated in this landmark study.”—The Monks of New Skete, authors of How to Be Your Dog's Best Friend and the video series Raising Your Dog with the Monks of New Skete

This text explores the nature of ethical leadership in terms of that which is viewed as morally good, & that which is viewed as technically or professionally competent. Drawing on the authors' experience in teaching & researching leadership, it provides a model from which practical strategies can be derived for good & effective leadership.

Make sure your baking rises to every occasion Whether you want to produce the perfect tart, bake a cake fit for a king or serve up a soufflé that won't sink, Step-by-Step Baking guides you through 350 baking recipes for every occasion. 80 classic recipes are fully illustrated with step-by-step instructions to ensure you're always on the right track and variations help you add a modern twist. Clear instructions, essential information on ingredients and advice on equipment and storage will help you bake with confidence and have your friends and family begging for more. From sweet to savoury, Step-by-Step Baking is the one baking bible that you shouldn't be without.

Now in paperback, here's the first nonfiction work from Joe Pistone since his New York Times #1 bestseller and hit movie, Donnie Brasco. Perhaps no man alive knows the lifestyle of wiseguys better than Pistone does, having spent six years infiltrating the Mafia as an undercover FBI agent. Now, years later, Pistone reassesses the underworld. Often poignant, and in startling detail, THE WAY OF THE WISEGUY gives readers a first-hand look at the psychology and customs of the wiseguy. The book features 34 chapters that reveal key principles of wiseguy life, including “How Wiseguys Carry Out a Hit,” “How Wiseguys Get Straightened Out,” and “A Typical Day in the Life of a Wiseguy.” Pistone's spellbinding stories provide a first-hand look at this lawless realm of badguys, which is often uncannily relevant to the workings of legitimate big business and everyday social discourse.

The Supervising Auditor Passbook(R) prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: general accounting and auditing; understanding and interpreting written and tabular material; supervision; and other related areas.

Latinas Crossing Borders and Building Communities in Greater Washington addresses the strategies used by Latina/o immigrants to adapt to the Washington, D.C. area. Contributors focus on models of collaboration and interaction in community institutions providing opportunity for activities that contribute to cultural knowledge and action./span
