Twelve years ago, Carole Samuelson was burning the candle at both ends. At one end, was her strong attraction to Grayson Smith, and at the other was Peter Jones. These conflicting relationships led to a breakup hurting Grayson, and was followed by her marriage to Peter. When Peter dies in a car accident, their marriage is cut tragically short and Carole is left with a 6-month-old daughter. Now, after twelve long years, Carole, a freelance photographer living in Boston, and her ex-love, Grayson, an antiques dealer in La Jolla, California, are reunited at a wedding in Boston on Columbus Day weekend. Their romance is rekindled during that idyllic October holiday, and they end up marrying the following June. This long-awaited romance brings with it much joy the second time around, rekindling a renewal of spirit and a passion for travel, as well as for the finer things in life. Their changing lives now revolve around remodeling their Beacon Hill townhouse, and enjoying numerous recipes for romantic living ... and dining. The novel Since Boston lives up to the classic song lyrics: Love is lovelier, the second time around.

Now, in her highly anticipated follow-up, Dr. Wahls is sharing the essential Paleo-inspired recipes her readers need to reduce and often eliminate their chronic pain, fatigue, brain fog, and other symptoms related to autoimmune problems, neurological diseases, and other chronic conditions, even when physicians have been unable to make a specific diagnosis. Packed with easy-to-prepare meals based on Dr. Wahls's pioneering therapeutic lifestyle clinic and her clinical research, in a simple format readers can customize to their own needs and preferences, this cookbook features breakfasts, smoothies, skillet meals, soups, wraps, salads, and snacks that are inexpensive to prepare, nourishing, and delicious. With strategies for cooking on a budget, reducing food waste, celebrating the holidays without compromising health, and helpful tips from fellow Wahls Warriors, The Wahls Protocol Cooking for Life will empower readers to make lasting changes and finally reclaim their health.

Springer Handbook of Condensed Matter and Materials Data provides a concise compilation of data and functional relationships from the fields of solid-state physics and materials in this 1200 page volume. The data, encapsulated in 914 tables and 1025 illustrations, have been selected and extracted primarily from the extensive high-quality data collection Landolt-Börnstein and also from other systematic data sources and recent publications of physical and technical property data. Many chapters are authored by Landolt-Börnstein editors, including the prominent Springer Handbook editors, W. Martienssen and H. Warlimont themselves. The Handbook is designed to be useful as a desktop reference for fast and easy retrieval of essential and reliable data in the lab or office. References to more extensive data sources are also provided in the book and by interlinking to the relevant sources on the enclosed CD-ROM. Physicists, chemists and engineers engaged in fields of solid-state sciences and materials technologies in research, development and application will appreciate the ready access to the key information coherently organized within this wide-ranging Handbook. From the reviews: "...this is the most complete compilation I have ever seen... When I received the book, I immediately searched for data I never found elsewhere..., and I found them rapidly... No doubt that this book will soon be in every library and on the desk of most solid state scientists and engineers. It will never be at rest." -Physicalia Magazine

Farmer Jane profiles thirty women in the sustainable food industry, describing their agriculture and business models and illustrating the amazing changes they are making in how we connect with food. These advocates for creating a more holistic and nurturing food and agriculture system also answer questions on starting a community-supported agriculture (CSA) program, how to get involved in policy at local and national levels, and how to address the different types of renewable energy and finance them.

Five shapeshifter novels!one fascinating read! Hawksong Danica Shardae, an avian shapeshifter, will do anything in her power to stop the war that has raged between her people and the serpiente!even pretend to be in love with Zane Cobriana, the terrifying leader of her kind!s greatest enemy, and accept him as her pair bond. But will Zane strike as swiftly and lethally as the cobra that is his second form? Snakecharm A surprising union has brought peace to the avians and serpiente. Soon a child will be born to carry on their royal lines. But Syfka, an ancient falcon, is claiming that one of her people is hidden in the avian and serpiente land. Is Syfkalls lost falcon just a ruse to stir up controversy among them? Falcondance Nicias is a falcon, the son of two exiles from Ahnmik, and images of this distant island have always haunted his dreams. When his visions become more like reality, his parents send him back to the homeland!and a royal falcon!they!ve tried their best to forget. Wolfery Oliza Shardae Cobriana is heir to Wyvern!s Court, home of the avians and serpiente, whose war with each other ended just before Oliza was born. But hatred is slow to die, and Oliza!s serpiente suitor is found beaten in avian land. How can she be expected to lead a unified society if her people still cannot live peacefully together? Wyvern!hai Hai, daughter of a falcon mother and a deceased cobra father, is considered a mongrel by most, an ally by some, and a friend by few. When Hai!s cousin abdicates the throne of Wyvern!s Court, Hai has visions of destruction. Now she will do anything to protect her new home!even if it means betraying the very people who need her most.
