apple could do this now with a simple software update or i guess i can keep booting in to linux and never update this ipod or just buy a cheap recorder, bah.

This book presents a selection of empirical papers dealing with second and multiple language acquisition, in which qualitative research methodology is employed. Each of the studies reported in individual chapters is based on a solid theoretical background and an overview of studies in a given area. Although the main focus is on qualitative methods, some of the papers demonstrate the complementarity of quantitative and qualitative approaches in studying language acquisition.

Many SLA professionals remain unaware of what CL and Applied Cognitive Linguistics are and of the tremendous potential these approaches offer for our understanding of L2 learning and pedagogy. The volume addresses this gap by presenting theoretically-grounded, empirically-based studies which illustrate the application of key concepts of CL and demonstrate the efficacy of using the concepts in the classroom or in basic L2 research.
