SHOCKING. CONTROVERSIAL. UNPRECEDENTED. A CASE LIKE UNLIKE ANY OTHER IN THE ANNALS OF UFO INVESTIGATION, DNA RESEARCH, OR ALIEN ABDUCTION. Sydney, Australia. July 23, 1992. Twenty-eight-year-old Peter Khoury was awoken by what appeared to be two females—both striking and unearthly—kneeling on his bed. What transpired between them was a physical assault as bizarre and disorienting as it was unnatural. Then, as quickly as they had arrived, they vanished. Khoury had become one of a legion of alien abductees with inexplicable experiences, but this particular incident stood apart from all the others. This time, there was evidence—two strands of white-blond hair from one of the females. Khoury’s case would result in the very first forensic DNA analysis of “alien abduction” evidence and revealed an extraordinary biological anomaly—one genetically close to human yet almost impossibly far from the human mainstream. A gripping account of one of the great mysteries of our time, Hair of the Alien, brings us closer than ever before to understanding our past, our origins, and our place in the universe.

This college text presents a modern, computer-oriented, systematic approach to the analysis of single and multiple degree of freedom linkages, cam systems, gear trains, and other mechanisms. The concepts of position loop equations, velocity coefficients, and velocity coefficient derivatives are used effectively throughout. The formulation of machine dynamics is fully developed and several machinery simulations are included. The principle of virtual work is presented, first in terms of machinery statics and then in regard to machine dynamics. Ten Appendices cover a variety of topics including matrix algebra, the Newton-Raphson method, numerical solution of differential equations, and the calculation of geometric properties for irregular areas.

Sir Gawains Little Green Book retells two of the classic stories about one of King Arthurs foremost knights. The Green Knight takes its title and its story from the Middle English poem Sir Gawain and the Green Knight. In The Green Knight Sir Gawain reminisces, looking back on his life from his point of view as an aging legend. He recalls his youth, when he was much greener, and his first adventure, the only one that has remained his through all the centuries. One Christmas the knights of King Arthur are waiting for the Yuletide banquet. Arthur, as is his custom, will not start a meal on a great feast until some wonder has been seen or miracle performed. This Christmas he is rewarded by a huge, green giant riding into his castle on his green horse, carrying a huge green axe. The giant proposes a simple game, an exchange of blows. One knight gets to try to chop the giants head off with the green axe. In a year and a day that knight will seek out the Green Knight, offering his neck for a return stroke. No one is eager to take up this challenge, and just when it looks like it will fall to Arthur, Gawain, and the kings nephew, volunteers. He takes the green axe and neatly and completely slices off the head of the green giant. The intruder walks over to where his head had fallen, picks it up and it announces that he is the knight of the Green Chapel and that is where Sir Gawain should seek him in a year and day to receive his return blow. He then remounts his horse and, carrying his head, rides away. For the rest of the year Gawain dallies. He wants to ride out in search of the Green Knight, but Arthur keeps him close to court out of love. Spring become fall and Gawain finally sets out. In the course of his journey he meets several different types of people: A peasant wife, a knight guarding a ford and a wild man of the woods. None of them have ever heard of a place called the Green Chapel. Finally, just before Christmas, he finds himself before a great castle. He is welcomed and made much of as a famous knight from a great court. He is told that the Green Chapel is very nearby. His host proposes a game. Gawain should rest until New Years Day, when he must keep his appointment. In that time he would exchange whatever he won around the castle with the lord of the castle for whatever he got in the course of a days hunting. Each morning for the next three days, when Gawain awakes, the lady of the castle is in his room. She throws herself at him, asking for lessons in love. Gawain is honorable, and does not give in. He does accept kisses from her. Meanwhile her husband is hunting, first deer, then a boar, then a fox. Each evening Gawain gives the host kisses in return for his hunting prizes. On the final morning Gawain weakens. While he doesnt give in to the ladys demands for love he does accept a gift from her, a green belt, that she tells him will keep him from being wounded in any way. When that nights exchange takes place, Gawain doesnt mention this prize. Finally, Gawain sets out for the Green Chapel. It is a cold and gray day. The page sent along to guide tries to scare him off, but Gawain goes on alone. He descends into the valley where the Green Chapel is said to be but doesnt see anything. Eventually he hears the sound of a sharpening wheel. Then the Green Knight makes himself known, vaulting down to the valley floor on the haft of a new axe. Gawain, true to his word, opens his collar and offers his neck to the giant. The knight takes his swing, but Gawain flinches. The giant tries again, but it is a feint. Finally a third blow comes, which nicks Gawains neck, causing just a scratch. Gawain leaps back, ready to fight, but the Green Knight just stands laughing at him. The Green Knight then reveals himself as the lord of the castle that had harbored Gawain. He had been changed into this form by Gawai

Awakening in a bleak landscape, Cass Dollar vaguely recalls enduring something terrible. Having no idea how many days—or weeks—have passed, she slowly realizes the horrifying truth: her daughter, Ruthie, has vanished. And with her, nearly all of civilization. Instead of winding through the once-lush hills, the roads today see only cannibalistic Beaters—people turned hungry for human flesh by a government experiment gone wrong. In a broken, barren California, Cass will undergo a harrowing quest to get Ruthie back. Few people trust an outsider—much less one who bears the telltale scars of a Beater attack—but she finds safety with an enigmatic outlaw, Smoke. And she'll need him more than ever when his ragged band of survivors learn that she and Ruthie have become the most feared, and desired, weapons in a brave new world....
