Following on from the previously released NES Encyclopedia, The SNES Encyclopedia is the ultimate resource for fans of Nintendo's second home video game console, the Super Nintendo Entertainment System. Containing detailed information on all 780 games released for the SNES in the west, this enormous book is full of screenshots, trivia and charmingly bad jokes. It also includes a bonus section covering the entire 22-game library of the Virtual Boy, Nintendo's ill-fated 3D system which was released at the end of the SNES's life.

No other guide on the market covers the volume of comic book listings and range of eras as Comic Book Checklist & Price Guide does, in an easy-to-use checklist format. Readers can access listings for 130,000 comics, issued since 1961, complete with names, cover date, creator information and near-mint pricing. With super-hero art on the cover and collecting details from the experts as America's longest-

running magazine about comics in this book, there is nothing that compares.
