Drawn from the Book of Common Prayer and the writings of the Church Fathers, the third and final volume in a contemporary trilogy of prayer books once again celebrates the veiled strength of the Book of Hours, weaving together prayer and praise in daily springtime devotions.

A volume in a three-part series of prayerbooks presents a seasonal collection of daily devotions, prayers, psalms, meditations, and readings that are drawn from the Book of Common Prayer, the writings of the Church Fathers, and the New Jerusalem Bible. Reprint. 10,000 first printing.

The third and final volume in a trilogy of prayer manuals compiled by Publishers Weekly religion editor Phyllis Tickle as a contemporary Book of Hours to guide Christians gently yet authoritatively through the daily offices. The Divine Hours is the first major literary and liturgical reworking of the sixth-century Benedictine Rule of fixed-hour prayer. This beautifully conceived and thoroughly modern three-volume guide will appeal to the theological novice as well as to the ecclesiastical sophisticate. Making primary use of the Book of Common Prayer and the writings of the Church Fathers, The Divine Hours is also a companion to the New Jerusalem Bible, from which it draws its Scripture readings. The trilogy blends prayer and praise in a way that, while extraordinarily fresh, respects and builds upon the ancient wisdom of Christianity. The third and final book in the set, Prayers for Springtime, provides prayers, psalms, and readings for this season associated with rebirth. Compact, it is perfect for those seeking greater spiritual depth. As a contemporary Book of Hours, The Divine Hours: Prayers for Springtime heralds a renewal of the tradition of disciplined daily prayer, and gives those already using the first two volumes the completion they are seeking. With this volume, the series culminates with three prayer manuals encompassing the liturgical and calendar year with the offices for every day.

Common Prayer helps today's diverse church pray together across traditions and denominations. With an ear to the particulars of how various liturgical traditions pray, and using an advisory team of liturgy experts, the authors have created a tapestry of prayer that celebrates the best of each tradition. The book also includes a unique songbook composed of music and classic lyrics to over fifty songs from various traditions, including African spirituals, traditional hymns, Mennonite gathering songs, and Taize chants. Tools for prayer are scattered throughout to aid those who are unfamiliar with liturgy and to deepen the prayer life of those who are familiar with liturgical prayer. Ultimately, Common Prayer makes liturgy dance, taking the best of the old and bringing new life to it with a fresh fingerprint for the contemporary renewal of the church. Churches and individuals who desire a deeper prayer life and those familiar with Shane Claiborne and New Monasticism will enjoy the tools offered in this book as a fresh take on liturgy.

A collection of formal prayers intended for use during the forty days of Lent and throughout the Easter celebration is an introduction to the fixed-hour prayer tradition, outlining a program of daily prayer, psalms, biblical readings, and hymns culled from The Divine Hours: Prayers for Springtime. Original.

Phyllis Tickle's inspirational trilogy The Divine HoursTM was the first major literary and liturgical reworking of the sixth-century Benedictine Rule of fixed-hour prayer--an age-old discipline of saying prayers at certain times of the day. This highly regarded trilogy has become one of America's best-loved and most frequently consulted manuals for observing this ancient form of Christian worship. Now, in The Night Offices, Tickle offers the perfect complement to The Divine HoursTM, bringing together prayers, psalms, hymn texts, religious poetry and other readings not included in the original trilogy, covering the offices for the hours from late evening (Compline) to early morning (Prime). Fans of the Divine HoursTM will recognize Tickle's simple, elegant format, her use of a modern calendar rather than a liturgical one, and the single ribbon in the binding, to track one's progress through the year. As in the trilogy, Tickle makes primary use of the Book of Common Prayer and the writings of the Church Fathers, and she draws all the scriptural readings from the Revised Standard Version. The book includes a set of Matins, Lauds, and Prime specific to each day of the week and varied only by month. Thus, the Monday reading for January would be used every Monday in January, but Monday in February would have new offices for it. The cumulative total, being 84 Matins, 84 Lauds, and 84 Prime (252 offices), fits neatly into a single, rightstand edition, a small, compact book that can be comfortably held in the hand. Easy to use, poetically rich, with a superb sampling of devotional works, The Night Offices will be welcomed by a broad readership, Christian and non-Christian alike.
