The I Ching is an ancient Chinese work of
divination that examines the patterns, or
hexagrams, traditionally formed by

dropping bundles of dried grass stalks.

This edition features interpretations of the 64 hexagrams, including the Judgment, written by King Wen in the 12th Century BCE; The Commentary and The Image (both attributed to Confucius); and The Lines, written by King Wen's son, and here enhanced by modern commentary.

A master translator's beautiful and
accessible rendering of the seminal
Chinese text In a radically new translation
and interpretation of the I Ching, David
Hinton strips this ancient Chinese

discovers a deeply poetic and philosophical text. Teasing out an elegant vision of the cosmos as ever-changing yet harmonious, Hinton reveals the seed from which Chinese philosophy, poetry, and painting grew. Although it was and is widely used for divination, the I Ching is also a book of poetic philosophy, deeply

valued by artists and intellectuals, and Hinton's translation restores it to its original lyrical form. Previous translations have rendered the I Ching as a divination text full of arcane language and extensive commentary. Though informative, these versions rarely hint at the work's philosophical heart, let alone its literary
