English-language edition of the renowned library of Gnostic manuscripts discovered in Egypt in 1945, which rivaled the Dead Sea Scrolls find in significance. It includes the Gospel of Thomas, the Gospel of Mary, and the recently discovered Gospel of Judas, as well as other Gnostic gospels and sacred texts. This volume also includes introductory essays, notes, tables, glossary, index, etc. to help the reader understand the context and contemporary significance of these texts which have shed new light on early Christianity and ancient thought. The compilation of ancient manuscripts that constitute The Nag Hammadi Scriptures is a discovery that challenges everything we thought we knew about the early Christian church, ancient Judaism, and Greco-Roman religions.

The Meaning of the Nag Hammadi, now in paperback opens the with the thrilling adventure story of the discovery of the ancient Papyri at Nag Hammadi. Muhammad Ali, the fellahin, discovered the sealed jar, he feared that it might contain a jinni, or spirit, but also had heard of hidden treasures in such jars. Greed overcame his fears and when he smashed open the jar, gold seemed to float into the air. To his disappointment, it was papyrus fragmenst, not gold, but for scholars around the world, it was invaluable. Meyer then discusses the pre-Christian forms of wisdom that went onto influence what Christians believe today. In addition, some Nag Hammadi texts are attributed to Valentinus, a man who almost became Pope, and whose rejection changed the church in significant ways. Text by text, Meyer traces the history and impact of this great find on the Church, right up to our current beliefs and popular cultural fascination with this officially suppressed secret knowledge about Jesus and his followers.

Selected by the Modern Library as one of the 100 best nonfiction books of all time *The Gnostic Gospels* is a landmark study of the long-buried roots of Christianity, a work of luminous scholarship and wide popular appeal. First published in 1979 to critical acclaim, winning the National Book Award and the National Book Critics Circle Award, *The Gnostic Gospels* has continued to grow in reputation and influence over the past two decades. It is now widely recognized as one of the most brilliant and accessible histories of early Christian spirituality published in our time. In 1945 an Egyptian peasant unearthed what proved to be the Gnostic Gospels, thirteen papyrus volumes that expounded a radically different view of the life and teachings of Jesus Christ from that of the New Testament. In this spellbinding book, renowned religious scholar Elaine Pagels elucidates the mysteries and meanings of these sacred texts both in the world of the first Christians and in the context of Christianity today. With insight and passion, Pagels explores a remarkable range of recently discovered gospels, including the Gospel of Thomas and the Gospel of Mary Magdalene, to show how a variety of “Christianities” emerged at a time of extraordinary spiritual upheaval. Some Christians questioned the need for clergy and church doctrine, and taught that the divine could be discovered through spiritual search. Many others, like Buddhists and Hindus, sought enlightenment—and access to God—within. Such explorations raised questions: Was the resurrection to be understood symbolically and not literally? Was God to be envisioned only in masculine form, or feminine as well? Was martyrdom a necessary—or worthy—expression of faith? These early Christians dared to ask questions that orthodox Christians later suppressed—and their explorations led to profoundly different visions of Jesus and his message. Brilliant, provocative, and stunning in its implications, *The Gnostic Gospels* is a radical, eloquent reconsideration of the origins of the Christian faith.

THE GNOSTIC BIBLE is by far the most comprehensive compilation of gnostic texts ever published - and the first aimed at rendering the texts in poetic, readable prose. The gnostics were religious thinkers engaged in the quest for wisdom and knowledge, and they proclaimed a salvation to be found through mystical knowledge and intuition. As the Gospel of Thomas puts it, "Know what is in front of your face and what is hidden from you will be disclosed. There is nothing hidden from you that will not be revealed." Dating from the first to the thirteen centuries, these gnostic texts represent Jewish, Christian, Hemitic, Mandaean, Manichaean, Islamic and Cathar forms of gnostic spirituality, and they derive from Egypt, the Greco-Roman world, the Middle East, Syria, Iraq, China, France and elsewhere. These texts show that gnosticism was a world religion that sought truths in a wide variety of religious traditions and expressed those truths in powerful and provocative mystical poetry and prose. The impact of gnosticism upon other religions of the world was considerable, and the influence of gnosticism continues to the present day. This volume represents the first time that such a diverse collection of gnostic texts is published in a single volume and some of the texts are translated into English for the first time here. The texts are accompanied by introductions and notes and additional study aids describe gnosticism, elucidate gnostic terms and suggest further readings.

First published in 1978, "The Nag Hammadi Library" was widely acclaimed by critics and scholars alike. Containing many of the writings of the Gnostics since the time of Christ, this was the work that launched modern Gnostic studies and exposed a movement whose teachings are in many ways as relevant today as they were sixteen centuries ago. Although some of the texts had appeared in other translations, the 1978 edition was the first and only translation of these ancient and fascinating manuscripts to appear in one volume. This new edition is the result of ten years of additional research, and editorial and critical

work. Every translation has been changed or added to; many have been thoroughly revised. Unearthed in 1945 near the town of Nag Hammadi in Upper Egypt, the texts literally begin where the Dead Sea Scrolls end. Their discovery is seen as equally significant, bringing to light a long-hidden well of new information, sources, and insights into early Judaism and the roots of Christianity. Each text is accompanied by a new and expanded introduction. Also included are a revised general introduction and an afterword discussing the modern relevance of Gnosticism, from Voltaire and Blake through Melville and Yeats to Jack Kerouac and science fiction writer Philip K. Dick. The translations and introductions to the Nag Hammadi texts are by members of the Coptic Gnostic Library Project, which includes such scholars as Helmut Koester, George McRae, and Elaine Pagels.

The Nag Hammadi Library was discovered in 1945 buried in a large stone jar in the desert outside the modern Egyptian city of Nag Hammadi. It is a collection of religious and philosophic texts gathered and translated into Coptic by fourth-century Gnostic Christians and translated into English by dozens of highly reputable experts. First published in 1978, this is the revised 1988 edition supported by illuminating introductions to each document. The library itself is a diverse collection of texts that the Gnostics considered to be related to their heretical philosophy in some way. There are 45 separate titles, including a Coptic translation from the Greek of two well-known works: the Gospel of Thomas, attributed to Jesus' brother Judas, and Plato's Republic. The word gnosis is defined as "the immediate knowledge of spiritual truth." This doomed radical sect believed in being here now--withdrawing from the contamination of society and materiality--and that heaven is an internal state, not some place above the clouds. That this collection has resurfaced at this historical juncture is more than likely no coincidence. --P. Randall Cohan --This text refers to the Paperback edition.

# Read PDF The Nag Hammadi Scriptures The Revised And Updated Translation Of Sacred Gnostic Texts Complete In One Volume

The "Lost Gospels" refer to the Dead Sea Scrolls and the Nag Hammadi Library, both discovered in the 1940s. The Nag Hammadi Library consists of writings found by two peasants who unearthed clay jars in 1945 in upper Egypt. These did not appear in English for 32 years, because the right to publish was contended by scholars, politicians, and antique dealers. The Dead Sea Scrolls, discovered in clay jars in Palestine by a goatherder in 1947, weathered similar storms. The first team of analysts were mostly Christian clergy, who weren't anxious to share material that frightened church leaders. As Dr. Hoeller shows, they rightly feared the documents would reveal information that might detract from unique claims of Christianity. Indeed, the Dead Sea Scrolls and Nag Hammadi Library both contradict and complement accepted tenets of the Old and New Testaments.

Just how do ancient documents discovered in the Middle East in the mid-twentieth century relate to Latter-day Saint beliefs? In this intriguing discussion, Latter-day Saint scholar Eugene Seach answers that question and many others as he explores the fascinating connections among the Dead Sea scrolls, the Nag Hammadi texts, and the teachings of Mormonism. He shows us conclusively that those connections do indeed exist and that they support the mission and message of Joseph Smith. The very doctrines revealed by Joseph Smith to a startled world a hundred and fifty years ago have begun to reappear in the writings of the early Jews and Christians.

2nd Book of Enoch, the Slavonic Enoch, or 2 Enoch, which is another apocryphal book, found complete only in Old Slavonic manuscripts, and it was once present in the Old Slavonic Bible. It's usually dated to the first century CE although Matthew Black in *The Oxford Guide to People & Places of the Bible* state
