ONE IS his beloved. Leaving L.A.'s Parker Center, Shane Scully and his wife, Alexa, agree to meet at home...but Alexa never arrives. Then Shane's called to a crime scene on Mulholland Drive, where the victim, an apparent gang member, has been executed—and left in Alexa's car. Her gun is the likely murder weapon. THE OTHER Is his Nemesis. As Shane desperately tries to find Alexa, his leads point to a feud between two gangsta-rap record companies, both heavily manned by Crips and Bloods. At the center of this war is a ruthless, beautiful Lady Macbeth-like white woman raised in Compton. Married to a multi-millionaire rap mogul, she is known as the White Sister. It's his worst nightmare come true... Shane is no stranger to big trouble, but he's never before been smeared as a "racist cop" or thrown in jail while there's a hit out on him. Much worse is the unknown fate of Alexa, and the fact that in the mysterious White Sister—who holds the clue to a sinister conspiracy—he may have met his match.

A few days before Christmas, detective Shane Scully and his wife investigate a Hollywood Hills murder. But a mysterious bullet casing at the scene leaves more questions than answers.

Detective Shane Scully fights to save a man railroaded for murder, while he struggles to save his marriage.

Overhearing a Hollywood producer make suspicious remarks about the strange deaths of his ex-wives, LAPD officer Shane Scully fears for his wife's best friend, who is engaged to the producer, and enlists the aid of a former impresario to infiltrate the industry's underworld. Reprint.

LAPD detective Shane Scully and his partner Sumner Hitchens investigate a possible killer in their precinct when a trouble-making activist is found dead in her home.

Driving along the freeway, Shane Scully glances over and sees Jody Dean, his oldest friend and LAPD colleague, at the wheel of an adjacent car. Why is Scully so surprised? Because it's been two years since Jody committed suicide in the Rampart Division parking lot by blowing his brains out with a service revolver. Shane served as a pallbearer at the funeral. What Scully will discover is that Jody and five other cops who are supposed to be dead are anything but; originally sent deep undercover to bust an extremely violent criminal network, they have become the LAPD's worst nightmare. Calling themselves the Vikings, they are rogue cops who know how the system works. In order to penetrate the group and set his cover, Scully is supposed to shoot his fiancée, Alexa. The setup goes awry and Shane finds himself looking down at his future wife's body. He is soon driven into the corridors of near-madness and into the bed of an extremely beautiful and utterly ruthless corporate seductress who threatens to destroy his soul. Shane's desperate and deadly undercover journey takes him from the embrace of Alexa and his teenage son, Chooch, to the Caribbean island of Aruba—to the decadence of Columbia's opulent palaces and the desperation of its deadly streets. In Viking Funeral, an electrifying thriller from Stephen J. Cannell, Sergeant Scully is driven to the psychological brink, his life in the hands of the most dangerous killer he's ever known—his closest childhood friend.

The bestselling novelist and award-winning Hollywood producer weaves a high-tension novel of suspense around a chilling conspiracy of corruption within the LAPD, reminiscent of the classic movie "Chinatown." Inside the department, they're called Tin Collectors: Internal Affairs Agents, the police of the police. If they catch you breaking the rules, they'll come after your badge. If they want you badly enough, they'll collect more than just your tin. LAPD Detective Shane Scully is startled awake in the middle of the night by a call from his ex-partner's wife, who is being beaten by her abusive husband. Racing to their house to stop the fight, Scully ends up killing his ex-partner, a cop who is beloved within the department. Suddenly, Scully finds himself an outcast, shunned by his fellow cops who intend to exact vengeance no matter what the cost. Internal Affairs zeroes in on the "renegade" cop with their sharpest young prosecutor, the ice queen Alexa Hamilton, who has her own reasons for taking revenge on Scully. Desperate to save his career, Scully starts kicking over rocks within the LAPD. What he uncovers is pure evil: a conspiracy going to the very top that ultimately threatens not just his own life but that of a young teenage boy, Chooch, entrusted to Scully's care by his mother - Sandy Sandoval. Known as the Black Widow, Sandy is a beautiful and courageous woman who also happens to be the LAPD's most important undercover informant, and Scully will do anything to keep her son safe. Stephen J. Cannell combines mystery and violence, loyalty and passion in a tale with an ending as unpredictable as LA itself.

A nightmarish series of events sweeps LAPD's Sergeant Shane Scully and his wife (and boss), Alexa, into the vortex of an enormous, jurisdictional firestorm. First, a sheriff's deputy, a friend of Shane's, is gunned down while serving a routine search warrant. His fellow deputies blame the incident on the Bureau of Alcohol, Tobacco and Firearms, whom they angrily accuse of having failed to warn them that the suspect had a huge arsenal of illegal weapons in his house. Soon thereafter, a member of the ATF Situation Response Team is shot to death, followed by the sniper murder of the Sheriff's Special Enforcement Bureau. At the request of the Mayor, LAPD, as an uninvolved and unbiased agency, assigns Shane Scully to investigate. He is given an impossible deadline to find a solution before these two elite and deadly SWAT Teams kill each other off amid a hurricane of horrible publicity. Shane pursues his investigation in a direction that neither his chief nor his wife agrees with, and succeeds in putting himself, his loved ones, and his career in terrible jeopardy before he finally discovers the shocking and deadly truth.

From the perennial New York Times bestseller comes a powerful new novel in which Detective Shane Scully, who grew up as an orphan, must revisit his painful childhood to find out who murdered the kind and charismatic man who became a father to him Abandoned by his parents as an infant, Scully was reared in an orphanage, Huntington House. The only positive thing in his young life was the attention of the Home's director, Walter "Pop" Dix. Pop, an avid surfer, would take a small group of kids for early morning surfing. He was the father none of them had ever had. That was thirty years ago. Now, Shane is forced to revisit these memories when Pop is found dead, the victim of an apparently self-inflicted shotgun blast. He leaves a message asking six specific people, all of whom attended Huntington House, to be his pallbearers, and Shane is one of the chosen. He and his fellow pallbearers don't believe it was a suicide. That leaves murder. But why, and by whom? Together, the pallbearers embark on a dangerous odyssey in pursuit of justice for Pop, and for retribution against those responsible for his death. Their journey takes them up against an unforeseen adversary whose power and influence far exceed anything they could have imagined.

On the heels of Three Shirt Deal, a New York Times bestseller, comes an electrifying new thriller from Stephen J. Cannell in which Lt. Shane Scully is accused of evidence tampering and his wife, Alexa, discovers Shane's been having an affair with a beautiful movie star. Charged with felony misconduct in a high-profile solicitation of murder case, Lieutenant Scully is faced with an impossible decision: either quietly resign from his job as a detective for the LAPD, the work he loves, or face criminal prosecution. Rather than smear the department's reputation and his own, Scully chooses to leave. His colleagues of years feel betrayed to learn that a dirty cop has been in their midst. His wife, Alexa, the chief of detectives, leaves him, seeking a divorce for his dalliance with the accused in the case, a beautiful, well-known Hollywood actress. His son, Chooch, horrified by these events, won't even speak to him. Life as Scully knows it is over. Or so it seems . . . In order to make a living the only way he knows how, Shane seeks employment from a police department that has been known to hire rejects from other departments: the Haven Park PD. Haven Park is an incorporated city near downtown Los Angeles, just one square mile in size and populated almost entirely by Mexican immigrants, most of them illegal. The department is a hotbed of corruption, in effect the personal goon squad and collection agency of the town's mayor, Cecil Bratano. Ushered into the department by his new partner, Alonzo Bell, Shane takes his lessons in policing from one of the dirtiest cops around. But things in L.A. are hardly ever what they seem. Relentlessly harassed by an over-zealous FBI agent, the alluring Ophelia Love, and under the constant, violent, and hyper-paranoid scrutiny of his new comrades-at-arms, Shane finds himself in snare a far greater than any he could have expected. His estranged wife may be the only one who can get Shane out of this mess alive. The question is: Is she willing to do so?
