Woody Harrelson shows up in the Marvel movies. Here's what to know about the mid-credits scene, Venom vs Carnage and the Venom sequel.

Who Is Carnage? Venom Credits Scene Explained | Time

Undetectable by Spider-Man's spider-sense. Carnage is a fictional supervillain appearing in American comic books published by Marvel Comics, usually depicted as an enemy of Spider-Man and Venom. The character first appeared in The Amazing Spider-Man #361 (Apr 1992), and was created by writer David Michelinie and artist Mark Bagley, although the first published artwork of Carnage was penciled by Chris Marrinan.

Synopsis I love him, from the instant I set eyes on him when I was just 11 years old I have loved him and nothing will ever change that, he owns me, he owns my heart and he owns my body and no matter how many lies are told, no matter how many people conspire to keep us apart, despite the fame and the distance, we will find a way. "Georgia Rae, when we made love you used to cry..". He waits for me to sing my bit. I try to swallow down a sob but I just end up singing through it..." I said I love you like the stars above, I'll love you till I die"
Carnage, an edgy coming of age love story that breaks all the rules and transcends the decades. Georgia and Sean's story will stay with you long after you read the final word. An emotional, smoking hot, gut wrenching read

Carnage Series by Lesley Jones - Goodreads

When your world, your life and all of your hopes and dreams for the future are ripped out from under you, how do you go on? Death without dying is not only the most painful kind of death, it's also the most painful kind of life and I don't know if I'm strong enough to live it. I spend my lonely days and nights trying to make sense of what my li.

Politico Magazine's chief political correspondent provides a rollicking insider’s look at the making of the modern Republican Party—how a decade of cultural upheaval, populist outrage, and ideological warfare made the GOP vulnerable to a hostile takeover from the unlikelyst of insurgents: Donald J. Trump. The 2016 election was a watershed for the United States. But, as Tim Alberta explains in American Carnage, to understand Trump's victory is to view him not as the creator of this era of polarization and bruising partisanship, but rather as its most manifest consequence. American Carnage is the story of a president’s rise based on a country’s evolution and a party’s collapse. As George W. Bush left office with record-low approval ratings and Barack Obama led a Democratic takeover of Washington, Republicans faced a moment of reckoning: They had no vision, no generation of new leaders, and no energy in the party’s base. Yet Obama’s forceful pursuit of his progressive agenda, coupled with the nation’s rapidly changing cultural and demographic landscape, lit a fire under the right, returning Republicans to power and inviting a bloody struggle for the party’s identity in the post-Bush era. The factions that emerged—one led by absolutists like Jim Jordan and Ted Cruz, the other led by pragmatists like John Boehner and Mitch McConnell—engaged in a series of devastating internecine clashes and attempted coups for control. With the GOP’s internal fissures rendering it legislatively impotent, and that impotence fueling a growing resentment toward the political class and its institutions, the stage was set for an outsider to crash the party. When Trump descended a gilded escalator to announce his run in the summer of 2015, the candidate had met the moment. Only by viewing Trump as the culmination of a decade-long civil war inside the Republican Party—and of the parallel sense of cultural, socioeconomic, and technological disruption during that period—can we appreciate how he won the White House and consider the fundamental questions at the center of America’s current turmoil. How did a party obsessed with the national debt vote for trillion-dollar deficits and record-setting spending increases? How did the party of compassionate conservatism become the party of Muslim bans and walls? How did the party of family values elect a thrice-divorced philanderer? And, most important, how long can such a party survive? Loaded with exclusive reporting and based off hundreds of interviews—including with key players such as President Trump, Paul Ryan, Ted Cruz, John Boehner, Mitch McConnell, Jim DeMint, and Reince Priebus, and many others—American Carnage takes us behind the scenes of this tumultuous period as we’ve never seen it before and establishes Tim Alberta as the premier chronicler of this political era.

MARLEY A CARNAGE NOVEL From the author of Carnage 1&2, comes this follow up novel. Marley tells the story of Carnage from Marley Layton's POV. It will give you the missing years. Marley is a companion novel to Carnage 1&2 and both of those books should be read first. 'So, they want me to write a book? They want to know about my band, my life, my loves and my losses. But they have no idea what they’re asking for. If I give them what they want, they'll get so much more than the sex and drugs and the rock and roll they're expecting. They'll get the secrets that I've kept for so long, they'll get an insight into the person I really am, or at least was. They think they know my story, they know nothing. If I do this, if I write honestly and give them the ugly truth, people will get hurt. People that I love, people that have already suffered in the worst possible ways. Do I do this, or do I walk away? Taking my secrets to the grave.' Marley is an adult contemporary romance. It contains content suitable only for grownups with an open mind. There are scenes of group sex which include m/f/m a little bit of f/m/m and even some f/f/f/m/m/f/f/f. There is drinking and drug taking involved. A lot of swearing, some Essex slang and some very high emotion. Please don't complain after reading this book that you wasn't warned. And yes, of course you'll need tissues.

Richard Wright is a white-passing African-American former FBI agent offered a chance to right the wrongs of his past as his old mentor sends him deep undercover to infiltrate a radical and dangerous white supremacist group believed to be responsible for the death of a fellow agent. For Richard, this is his last shot to turn his life around. With the ghosts of the past constantly reminding him of the man he once was, he will have to not only find the redemption he seeks in the eyes of others, but within himself. Collects the entire nine-issue DC Vertigo series!

Carnage Series by Lesley Jones - Goodreads

DECEMBER 1ST... A time to reflect and remember for Georgia and also, she's decided, this year will be a time for change. Starting with high emotion on the anniversary of the day that changed her life and ending on a loud, raucous and raunchy Christmas night, we get a little dip into the lives of some of the Carnage Series favourite characters. This is Book 5 in a series. The other 4 books should be read before this one.

Carnage Series by Lesley Jones - Goodreads

When all that you want, is all that's forbidden... I've known him my entire life. Before marriage.Before fatherhood. Before betrayal.Now, he's one of rock's bad-boys trying to be good.Trying to be the best father he can for his daughter. He's my brother's best friend. He's my boss.He has a wife.Max isn't mine to have, but I want him all the same.And I haven't survived all that I have to not go after what I want. Her story is a tragedy, mine's a publicity disaster. Just when I needed her most, she walked back into my life, and the timing couldn't be worse. With a newborn baby, a divorce, an album to record, and a world tour to plan, I don't need the distraction.She's off limits.She's my best friend's little sister. She's my nanny. Billie's a golden drop of sexy sun on a grey autumn day, tempting me into the light and a life full of possibilities. A life not meant for us.

A thought-provoking and penetrating account of the post-Cold War follies and delusions that culminated in the age of Donald Trump from the bestselling author of The Limits of Power. When the Cold War ended with the fall of the Berlin Wall, the Washington establishment felt it had prevailed in a world-historical struggle. Our side had won, a verdict that was both decisive and irreversible. For the world’s “indispensable nation,” its “sole superpower,” the future looked very bright. History, having brought the United States to the very summit of power and prestige, had validated American-style liberal democratic capitalism as universally applicable. In the decades to come, Americans would put that claim to the test. They would embrace the promise of globalization as a source of unprecedented wealth while embarking on wide-ranging military campaigns to suppress disorder and enforce American values abroad, confident in the ability of U.S. forces to defeat any foe. Meanwhile, they placed all their bets on the White House to deliver on the promise of their Cold War triumph: unequalled prosperity, lasting peace, and absolute freedom. In The Age of Illusions, bestselling author Andrew Bacevich takes us from that moment of seemingly ultimate victory to the age of Trump, telling an epic tale of folly and delusion. Writing with his usual eloquence and vast knowledge, he explains how, within a quarter of a century, the United States ended up with gaping inequality, permanent war, moral confusion, and an increasingly angry and alienated population, as well, of course, as the strangest president in American history.

As the year 1890 wound to a close, a band of more than three hundred Lakota Sioux Indians led by Chief Big Foot made their way toward South Dakota’s Pine Ridge Reservation to join other Lakotas seeking peace. Fearing that Big Foot’s band was headed instead to join “hostile” Lakotas, U.S. troops surrounded the group on Wounded Knee Creek. Tensions mounted, and on the morning of December 29, as the Lakotas prepared to give up their arms, disaster struck.

Accounts vary on what triggered the violence as Indians and soldiers unleashed thunderous gunfire at each other, but the consequences were horrific: some 200 innocent Lakota men, women, and children were slaughtered. American Carnage—the first comprehensive account of Wounded Knee to appear in more than fifty years—explores the complex events preceding the tragedy, the killings, and their troubled legacy. In this gripping tale, Jerome A. Greene—renowned specialist on the Indian wars—explores why the bloody engagement happened and demonstrates how it became a brutal massacre. Drawing on a wealth of sources, including previously unknown testimonies, Greene examines the events from both Native and non-Native perspectives, explaining the significance of treaties, white settlement, political disputes, and the Ghost Dance as influential factors in what eventually took place. He addresses controversial questions: Was the action premeditated? Was the Seventh Cavalry motivated by revenge after its humiliating defeat at the Battle of the Little Bighorn? Should soldiers have received Medals of Honor? He also recounts the futile efforts of Lakota survivors and their descendants to gain recognition for their terrible losses. Epic in scope and poignant in its recounting of human suffering, American Carnage presents the reality—and denial—of our nation’s last frontier massacre. It will leave an indelible mark on our understanding of American history.
