Burns gives readers the lowdown on the strategies they need to make money from the stock market without having to sit at a screen all day. This new edition contains even more essential content than before: more vital tips, more key facts, more ideas, more insights, more real-life tales, and a lot more toast.

Ever thought about investing in shares but got frustrated by all the gobbledegook? Bored by all the jargon? Then The Naked Trader is for you! This is the book on stock market investing that you can actually enjoy, written in plain English, packed with real-life trading examples and full of candid advice that you just can't get anywhere else. In this completely updated and expanded new edition, Robbie Burns (aka the Naked Trader) gives you the lowdown on what you need to make money from today's markets without having to sit at a screen all day or swallow a financial dictionary. Even better, he shows you how to do it all tax-free! The first four editions of The Naked Trader flew off the shelves as glowing reviews mounted up. This brand-new edition contains even more of what made it so popular. There are more exclusive tips and ideas, more winning trades shown from start to finish, and more real-life trader tales of triumph and disaster. Not to mention tons of proven strategies that you can use to make money in the markets and a breakdown of some of the trades that have helped Robbie make more than £3 million tax-free. In between cups of tea, rounds of toast and watching Four in a Bed, Robbie tells you all you need to know to become a successful trader: from how to find good shares in the first place, to the best times to buy and sell, as well as how to make sure you have the right mindset for long-term success. You can also find out how Robbie has made money during market meltdowns – and what his biggest mistakes have been, so that you can avoid them. If you're a complete beginner, The Naked Trader is the best place to start. But it's also absolutely perfect if you're already trading and want to learn some new, common-sense trading ideas that really work. So whether you just want to make a few quid on the side while you're at work, or want to go on to make money from the markets full time and quit work like Robbie, The Naked Trader is everything you've been looking for. Grab some tea and toast and start trading the naked way!

Gives you the lowdown on the strategies you need to make money from the stock market without having to sit at a screen all day. The author quit the rat race in 2001, and believes you can do it too. He describes the straightforward techniques that have enabled him to succeed in the markets, escape the rat race and make a lot of money.

The real-life trades and strategies of a successful cryptocurrency trader Glen Goodman's goal was to retire young and wealthy, escaping the daily grind. He taught himself how to trade everything from shares to Bitcoin and made enough money to realise his dream and quit his day job while still in his 30s. In The Crypto Trader, Glen will show you exactly how he made huge profits trading Bitcoin, Ethereum, Ripple and more, so that you can do it too - without risking your shirt. Glen publicly called the top of the market in December 2017 and took his profits before the crash. But there are still tons of trading opportunities out there and Glen continues to trade crypto successfully. Inside you'll see his multi-hundred-percent gains on a raft of cryptocurrencies and learn how he builds his profits and holds onto them. Glen reveals all his trading strategies, the proven methods and rules that make him one of the most followed traders in the world on social media. (He is also frequently interviewed by the BBC, Forbes and LBC, and is a contributing expert on cryptocurrency at the London School of Economics.) It took Glen years of study and trial and error to become a consistent money maker. He learnt his trading lessons the hard way - so you don't have to. With The Crypto Trader by your side, you'll learn how to grab opportunities, make money - and keep it.

Take a bite out of the markets with the Naked Trader in his 100% all-new book about TRADING PSYCHOLOGY! This book is for anyone who really wants to consistently make money trading shares. Trading and investing can be tough – most fail. The human mind is to blame. It ' s prone to emotion, cluttered with distractions like T twitter and social media, easily trapped by scams. But it ' s possible to make money in the markets – and to do so reliably. Robbie Burns, aka The Naked Trader, has been trading successfully from his home for 15 years – making over £2m tax-free (while eating a lot of toast and watching Game of Thrones). He ' s also met and helped thousands of fellow traders at his seminars, seen every possible trading meltdown, and knows exactly what can go wrong – but also how to put it right. In Trade Like a Shark, Robbie uses his unique firsthand experience and the real-life stories traders have shared with him to expose exactly how the human mind can play havoc with your trading. At the same time he reveals his tried-and-tested methods for overcoming it, showing how to be a shark, gobbling up money from the 'fish' who are full of fear, greed and other emotions. (And also why modelling yourself on Mr Spock can work wonders.) If you ' ve run into problems trading in the stock market – or just want to reinforce good habits – there is no better or wittier guide to the pitfalls that are out there, and some surprisingly effective ways to overcome them. It's a must-read book on trading psychology – without the jargon. Read it and take your trading to the next level now!

Douglas uncovers the underlying reasons for lack of consistency and helps traders overcome the ingrained mental habits that cost them money. He takes on the myths of the market and exposes them one by one teaching traders to look beyond random outcomes, to understand the true realities of risk, and to be comfortable with the "probabilities" of market movement that governs all market speculation.

Argues that post-crisis Wall Street continues to be controlled by large banks and explains how a small, diverse group of Wall Street men have banded together to reform the financial markets.

Every decision is a trade. Learn to think about the ones you should do — and the ones you shouldn' t. Trading books generally break down into two categories: the ones which claim to teach you how to make money trading, and the memoir-style books recounting scandals and bad behavior. But the former don't have profitable trades to teach; if they did they'd keep those trades to themselves. And the latter are frequently entertaining, but they don't leave you with much you can apply in your own life. The Laws of Trading is different. All of our relationships and decisions involve trading at some level. This is a book about decision-making through the lens of a professional prop trader. For years, behavioral and cognitive scientists have shown us how human decision-making is flawed and biased. But how do you learn to avoid these problems in day-to-day decisions where you have to react in real-time? What are the important things to think about and to act on? The world needs a book by a prop trader who has lived, breathed and taught trading for a living, drawing upon years of insights on the trading floor in real markets, good and bad, whether going sideways, crashing, or bubbling over. If you can master the decision-making skills needed to profitably trade in modern markets, you can master decision-making in all walks of life. This book will teach you exactly those skills. Introduces, develops, and applies one law per chapter, making it easy not only to remember useful concepts, but also to have them at the ready in any situation. Shows you how to find and think about the " special edge " of your organization, and yourself. Teaches you how to handle the interaction of people with artificially intelligent (AI) machines that make decisions, a skill that is rapidly becoming essential in the AI-driven economy of the future. Includes a "bonus" digital ancillary, an Excel spreadsheet with various worked examples that expand on the scenarios described in the book. Do you need to make rational decisions in a competitive environment? Almost everyone does. This book will teach you the tools that let you do your job better.

The best-selling trading book of all time—updated for the new era The New Trading for a Living updates a modern classic, popular worldwide among both private and institutional traders. This revised and expanded edition brings time-tested concepts in gear with today's fast-moving markets, adding new studies and techniques for the modern trader. This classic guide teaches a calm and disciplined approach to the markets. It emphasizes risk management along with self-management and provides clear rules for both. The New Trading for a Living includes templates for rating stock picks, creating trade plans, and rating your own readiness to trade. It provides the knowledge, perspective, and tools for developing your own effective trading system. All charts in this book are new and in full color, with clear comments on rules and techniques. The clarity of this book's language, its practical illustrations and generous sharing of the essential skills have made it a model for the industry—often imitated but never duplicated. Both new and experienced traders will appreciate its insights and the calm, systematic approach to modern markets. The New Trading for a Living will become an even more valuable resource than the author's previous books: Overcome barriers to success and develop stronger discipline Identify asymmetrical market zones, where rewards are higher and risks lower Master money management as you set entries, targets and stops Use a record-keeping system that will make you into your own teacher Successful trading is based on knowledge, focus, and discipline. The New Trading for a Living will lift your trading to a higher level by sharing classic wisdom along with modern market tools.
