The fascinating untold story of digital cash and its creators—from experiments in the 1970s to the mania over Bitcoin and other cryptocurrencies Bitcoin may appear to be a revolutionary form of digital cash without precedent or prehistory. In fact, it is only the best-known recent experiment in a long line of similar efforts going back to the 1970s. But the story behind cryptocurrencies like Bitcoin and its blockchain technology has largely been untold—until now. In Digital Cash, Finn Brunton reveals how technological utopians and political radicals created experimental money to bring about their visions of the future: to protect privacy, bring down governments, prepare for apocalypse, or launch a civilization of innovation and abundance that would make its creators immortal. Filled with marvelous characters, stories, and ideas, Digital Cash is an engaging and accessible account of the strange origins and remarkable technologies behind today's cryptocurrency explosion.

The Wall Street Journal

The story of the man who transformed The Wall Street Journal and modern media In 1929, Barney Kilgore, fresh from college in small-town Indiana, took a sleepy, near bankrupt New York financial paper—the Wall Street Journal—and turned it into a thriving national newspaper that eventually was worth \$5 billion to Rupert Murdoch. Kilgore then invented a national weekly newspaper that was a precursor of many trends we see playing out in journalism now. Tofel brings this story of a little-known pioneer to life using many previously uncollected newspaper writings by Kilgore and a treasure trove of letters between Kilgore and his father, all of which detail the invention of much of what we like best about modern newspapers. By focusing on the man, his journalism, his foresight, and his business acumen, Restless Genius also sheds new light on the Depression and the New Deal. At a time when traditional newspapers are under increasing threat, Barney Kilgore's story offers lessons that need constant retelling.

Examines federal, state, and local laws that hinder the employment and economic progress of Blacks and, often, deny their right to work

A tale about big business, an imploding dynasty, a mogul at war, and a deal that epitomized an era of change While working at the Wall Street Journal, Sarah Ellison won praise for covering the \$5 billion acquisition that transformed the pride of Dow Jones and the estimable but eccentric Bancroft family into the jewel of Rupert Murdoch's kingdom. Here she expands that story, using her knowledge of the paper and its people to go deep inside the landmark transaction, as no outsider has or can, and also far beyond it, into the rocky transition when Murdoch's crew tussled with old Journal hands and geared up for battle with the New York Times. With access to all the players, Ellison moves from newsrooms to estates and shows Murdoch, finally, for who he is—maneuvering, firing, undoing all that the Bancrofts had protected. Her superlative account transforms news of the deal into a timeless chronicle of American life and power.

Almost Everything You Need to Know About Leading the Good Life Too many decisions. Too many choices. What today's smart consumer must have is a money-and-time-saving guide for conducting the "business of life"—both the big challenges, such as getting top-notch health care for the family and the best education for the kids, and the pleasurable ones, like plotting the family summer vacation. Nancy Keates and her expert colleagues at The Wall Street Journal provide all-new material that gives the lowdown on: The Savvy Traveler: How to cut to the chase and not only avoid the indignity of cramped plane seats and overpriced tickets, but also get the best and safest seats at the same time. The Fine Art of Dining and Drinking: Landing the hottest table in town—at a discount; picking wine without becoming a wine snob; and learning about "barley matters"—the newest, hottest beers. How to Speak Geek: Demystifying tech trends, with smart advice on not only what high-tech gadgets to buy but how to shop for them. Everything You Need to Know About Buying, Selling and Financing a Car: How to get the best and safest vehicle at the best price. Real Estate: Will the bubble burst? Here's how to be an informed buyer and seller along with the basics of remodeling and designing your home. How to Be an Informed Patient: Choosing a hospital, playing private investigator with your M.D., and learning about the tests you really ought to have (even if you have to pay for them yourself). Getting Real Bang for Your Education Bucks: What you need to know from preschool through college and graduate school. The Great Balancing Act: Managing work and family, and finding out how to avoid the overstretched child and parent syndromes. Financing Your Life: It was easy in the 1990s, but the world has changed dramatically. Here's how to deal with the new world of saving, investing and borrowing money. Shopping: The New Sex? Throw away your Kama Sutra. The number one thrill in shopping is getting a good deal—here's how to play the game and get the best stuff at the best price. The Wall Street Journal Guide to the Business of Life is both an instruction manual for living life to the fullest and a fun read about what really matters in the day-to-day. It has all the basic insight and information you need to navigate through life along with hilarious side trips such as "The Three-Decorator Experience" and "Cruises: Sailing New Waters."
