"After a lonely childhood with an irresponsible mother, Madeline Pruett unexpectedly inherits a high altitude cattle ranch. When Maddie arrives at the ranch, she discovers there are another three inheritors -- her two unknown sisters, and Luke Kendrick, son of her father's partner, and a ruggedly handsome but unpredictable man.

On his 40th birthday, community college teacher Eldred Duker feels he's getting older faster and faster. Childless, he and his wife Marie visit the orphanage he and his now-estranged sister Anne lived in as small children and, as Marie has long wanted to do, end up adopting six-year-old Hope. Hope is sexually assaulted at age 16. Herself molested by one of their mother's male friends as a child, Anne comes for a visit to help. After Hope is on her own, Marie is killed in a car accident. Slowly at first, Duke starts losing his grip on reality. He seeks revenge on the man whose vehicle killed Marie, looks for relief of his pain by taking a yoga class, falls in love

with the instructor Rachel, marries her, sees his daughter Hope married to Dirk and helps Rachel bury her mother. During these years, Duke's judgment deteriorates. He causes a car accident that kills Rachel, starts drinking regularly and tracks down the man who killed Marie to forgive him and thus himself. Hope and Anne eventually realize that he is no longer capable of taking care of himself and place him in a Continuing Care Retirement Community. There, when ER tests given after he breaks a leg reveal that he has a fast-acting fatal disease, they move him back to his old home. Having separated from Dirk, Hope moves in to take care of him and arranges for hospice care. Along with her now-adult children, she and Anne attend his death.

Science and technology, nature, geography, culture, sports and hobbies, and history all combine in this mind-blowing visual encyclopedia. From incredible insects and musical instruments to spacecraft and prehistoric life, and from art and earthquakes to American football and dogs, Picturepedia gives you a world of information on every page. Did you know that more than half of the human body's weight is water, and that a koi carp can live for more than 200 years? Or how about there being more than 20,000 islands in the Pacific Ocean, or that Turkey eats the most bread, with each person getting through 104.6 kg (230.5 lb) of it per year? First published in 2015, Picturepedia has been revamped into a more thrilling edition that will take you on a visual odyssey. This brilliant book is crammed with stunning photographs,

gripping information, and explanatory diagrams that allow for fascinating discoveries. New and updated and jam-packed with thousands of pictures and fascinating facts about science, nature, culture, sports, and history, Picturepedia is the ultimate visual encyclopedia.

Better than fireworks, this classic Beginner Book edited by Dr. Seuss celebrates all the wonderful things that come with summer! From trips to the beach and eating watermelon to fireworks and fishing, Alice Low and Roy McKie's Summer will have young readers eager for the kind of fun only warm breezes and sunny weather can bring. Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning.

Two lost souls, a young woman trying to reclaim her life after a breakdown and a recovering alcoholic, develop an attraction that just may mend each of their broken hearts.

Planes follows Dusty Crophopper (voiced by Jon Cryer), a big-hearted, speed-loving crop duster who dreams of competing in the toughest and most exhilarating around-the-world air race in history. With the support of friends old and new, Dusty reaches heights he never dreamed possible—and in the process, gives a world the inspiration to soar. Boys ages 4-6 who like Disney/Pixar Cars will love this easy-to-read chapter book based on the hit film Disney Planes.
