Introducing Kineas, Srayanka, and their world—a world that Alexander is busy conquering A well-born Athenian cavalry officer, Kineas fought shoulder to shoulder with Alexander in his epic battles against the Persian hordes. But when he returns to his native city, he finds not glory but shame—and exile. With nothing to his name but his military skills, Kineas agrees to lead a band of veterans to the city of Olbia, where the Tyrant is offering good money to train the city's elite cavalry. But soon Kineas and his men find they have stumbled into a deadly maze of intrigue and conspiracy as the Tyrant plots to use them as pawns in increasingly complex power games between his own citizens and the dread military might of Macedon. Caught between his duty to the Tyrant, his loyalty to his men, and a forbidden love affair with a charismatic Scythian noblewoman, Kineas must call on all his Athenian guile, his flair on the battlefield, and even—he is convinced—the intervention of the gods, to survive.

"Brilliant, beautifully organized, exceedingly readable."—Philip Roth World-renowned Shakespeare scholar Stephen Greenblatt explores the playwright ' s insight into bad (and often mad) rulers. Examining the psyche—and psychoses—of the likes of Richard III, Macbeth, Lear, and Coriolanus, Greenblatt illuminates the ways in which William Shakespeare delved into the lust for absolute power and the disasters visited upon the societies over which these characters rule. Tyrant shows that Shakespeare ' s work remains vitally relevant today, not least in its probing of the unquenchable, narcissistic appetites of demagogues and the self-destructive willingness of collaborators who indulge them.

An indispensable guide to dealing with challenging, childish boss behavior and building a great career, with laugh- out-loud humor built in. Based on extensive interviews among workers, managers and psychologists, Tame Your Terrible Office Tyrant™ draws hilarious but true parallels between toddlers and managers. When under stress, both often have trouble moderating their power, or lose the ability to think rationally. Traits in common include tantrum-throwing, demanding, stubborn, moody, fickle, self-centered, needy and whiny behavior. BADD (Boss Attention Deficit Disorder) is discussed as part of " Short Attention Spans. " There are 20 chapter traits in all, divided into " Bratty " and " Little Lost Lamb " categories, for easy reference, including real anecdotes and many useful tips. When bad bosses run amok in companies, nobody wins. This book shows readers how to build positive relationships with even the most out-of-control boss, and still thrive in your job. The key to success lies in dealing with a Terrible Office Tyrant (or TOT™) much like a parent deals with a troublesome toddler. With true stories and time-tested solutions, this is the perfect guide managing a boss stuck in his Terrible Twos. Taylor takes you behind all the bossy blustering, so that you can focus on getting ahead – and achieve career excellence. Savvy top management will also gain insight on what not to do with their team. They know that Terrible Office Tyrant (TOT) managers may not be in plain sight (they don ' t leave juice stains on the hallway carpet!) But they do wreak havoc on the bottom line. A special section helps senior management and Human Resource departments mitigate TOT behavior for a more productive workplace.

Ever wonder if the world's tyrants are all using the same instruction manual? They are: here it is. From getting to power to dividing your enemies, suppressing revolution, stealing elections, and making your fortune, this 320 page volume shows you how the pros have been doing it for centuries. Fully factual, with a complete bibliography and footnotes, the Dictator's Handbook gives you a road map to tyranny, step by step. Beautifully illustrated by a professional artist, the text is funny and deadly serious. This is truly a practical manual for the aspiring tyrant.

Jean Calmet, a young Swiss schoolteacher, is still haunted by the spirit of his recently cremated father, whose overbearing personality destroyed both his family and his son's childhood.

A new novel from Michael Cisco, the International Horror Writer's Guild Award for Best First Novel of 1999. "Michael Cisco's works immerse the reader in worlds that are not simply dreamlike in the quality of their imagination but somehow manage to capture and convey the power of the dream itself. The Tyrant is his masterpiece." -- Thomas Ligotti

A treasure trove of information about the most famous dinosaur of allwith a supplementary CD-ROM

Seth Dickinson's epic fantasy series which began with the " literally breathtaking " (NPR) The Traitor Baru Cormorant, returns with the third book, The Tyrant Baru Cormorant. The hunt is over. After fifteen years of lies and sacrifice, Baru Cormorant has the power to destroy the Imperial Republic of Falcrest that she pretends to serve. The secret society called the Cancrioth is real, and Baru is among them. But the Cancrioth's weapon cannot distinguish the guilty from the innocent. If it escapes quarantine, the ancient hemorrhagic plague called the Kettling will kill hundreds of millions...not just in Falcrest, but all across the world. History will end in a black bloodstain. Is that justice? Is this really what Tain Hu hoped for when she sacrificed herself? Baru's enemies close in from all sides. Baru's own mind teeters on the edge of madness or shattering revelation. Now she must choose between genocidal revenge and a far more difficult path—a conspiracy of judges, kings, spies and immortals, puppeteering the world's riches and two great wars in a gambit for the ultimate prize. If Baru had absolute power over the Imperial Republic, she could force Falcrest to abandon its colonies and make right its crimes. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Zou Lei is an illegal immigrant who works at a Chinese restaurant in Queens in search of a better life in the 'Land of the Brave'. Brad Skinner has recently arrived in New York following a tour in Iraq and is determined to party as hard as he can in order to start 'wanting to live again'. When their paths cross, they discover that new starts may be possible for both of them, if they can survive homelessness, lockup and Skinner's post-traumatic stress disorder, which may be more prophecy than madness.

An encounter with a certain man changes a girl who has been tossed by the winds of fate. Lauri, who studies at a ballet school, encounters an unexpected opportunity. She is discovered by Maxim, the general manager at a top ballet company in Venice, who is rumored to be ruthless. Trembling in joy at the opportunity, Lauri moves to Italy despite the scars that remain in her heart after losing her parents in a theater fire. Although her legs freeze up when she gets on stage, she makes every effort to meet Maxim's expectations. One day, she learns that she is a stand-in for another ballerina...
