A comprehensive manual of proven outdoor survival techniques.

Designed for use in formal Air Force training, the U.S. Air Force Pocket Survival Handbook was written to help a pilot who finds him or herself in a hostile environment. This new edition will allow you to carry all the same information condensed in your back pocket. For the general reader, it offers a complete and comprehensive manual of outdoor survival techniques. It includes expert advice on: First aid for illness and injury Finding your way without a map Building a fire Finding food and water Using ropes and tying knots Mountain survival Concealment techniques Signaling for help Survival at sea Building shelters Animal tracking Predicting the weather And much more By outlining specific survival threats found at sea, in the desert, in mountain terrain, and in arctic conditions, and offering techniques on surviving them, this book is invaluable to both the casual outdoorsman and the extreme sports enthusiast, as well as anyone looking for insight into the training tactics of the U.S. Air Force.

Ideal for fans of History Alive United States books Survivalist handbook with pieces of Air Force history Essential piece of any aircraft survival kit This Air Force handbook was written to help pilots who find themselves in hostile environments. While it is designed for use in formal Air Force training, it is also useful for the general reader seeking a comprehensive and complete manual of outdoor survival techniques. Any US Army survival kit would also benefit from this handbook. Among other pieces of professional and expert advice, the US Air Force Survival Handbook tells readers about: Finding your way without a map First aid for illness and injury Finding food and water Building a fire Concealment techniques Using ropes and tying knots Survival at sea Signaling for help Animal tracking Predicting the weather Building shelters Released on the 70th anniversary of the US Air Force, this book outlines specific survival threats found in many different types of terrain and how to survive them. It is invaluable to all who enjoy the outdoors and anyone who seeks insight into the training tactics of the US Air Force.

A revised edition of a classic "stranded behind enemy lines" manual, updated by a special forces military-survival expert, includes key coverage of everything from concealment and finding basic supplies to improvised communications and enabling one's recovery from hostile territories. Original.

The latest version of the "stranded behind enemy lines" manual included in the survival kits of all branches of the U.S. military. A distillation of the information contained in the survival "bible," the USAF's enormous tome on Survival Training, AFR 64-4 and updated from the previous version which contained a significant amount of outmoded information. Now a multiservice publication used by all branches of the U.S. military (FM 21-76-1, MCRP 3-02H, NWP 3-50.3, AFTTP(I) 3-2-2.6).

Explains survival techniques, including self-defense, first aid, and how to acquire essentials like food, water, and shelter.

Air Force Handbook 10-644 Survival Evasion Resistance Escape (SERE) Operations 27 March 2017 This handbook describes the various environmental conditions affecting human survival, and describes isolated personnel (IP) activities necessary to survive during successful evasion or isolating events leading to successful recovery. It is the fundamental reference document providing guidance for any USAF service member who has the potential to become isolated; deviations require sound judgment and careful consideration. This publication provides considerations to be used in planning and execution for effective mission accomplishment of formal USAF Survival, Evasion, Resistance, and Escape (SERE) training, environmentally specific SERE training, and combat survival continuation training programs. The tactics, techniques, and procedures in this publication are recognized best practices presenting a solid foundation to assist USAF service members to maintain life and return with honor from isolating events.

FM 3-05.70 is the United States Army manual used to train survival techniques (formerly the FM 21-76). It is popular among survivalists and campers. The manual covers a variety of helpful topics such as planning, psychology of survival, emergency medicine, shelter construction, water procurement, firecraft, food procurement (hunting), identification of poisonous plants, and construction of field expedient weapons, tools and equipment.

This survival manual is organized as follows: Chapter 1. Introduction Survival Actions Pattern for Survival Chapter 2. Psychology of Survival A Look at
